GENEALOGICAL ATLAS OF THE UNITED STATES

This Genealogical Atlas is compiled and published by George B. Everton, Jr., Box 368, Logan, Utah. 84321. The Atlas is spiral bound containing 120 pages, 8 1/2 x 11 inches. It contains a relief map, a county map of each state with fold-out maps of the United States. There is an index of each county in the United States with the county seat and date the county was formed. The Atlas is very useful when used in conjunction with other maps which show the towns. In locating early land areas and/or migration routes, names of the rivers on the relief maps might be a help. Price \$3.00.

OUR FOREFATHERS
FOX - A WELL-KNOWN PIONEER FAMILY

Florence (Fox) Harrop (Mrs. George B.), former State Registrar of DAR, State Chairman of Genealogical Records of DAC, and a genealogist for many years was a charter member of the Riley County Genealogical Society until her death in 1966. All her family lines were original New England people. After the Revolutionary War some of them became pioneer settlers of New York State, later, others went into Western Pennsylvania. The Fox family went to Tompkins County, New York where they lived until 1854 when Mrs. Harrop's grandfather, Rev. Dana Fox, a Methodist minister, came to Kansas Territory to work in the mission field.

Rev. Fox located at Highland, Doniphan County, Kansas. His son Simeon Moses Fox, one of Manhattan's well known early pioneers and father of Mrs. Harrop, became Regimental Adjutant with the rank of Lieutenant in the 7th Kansas Cavalry during the Civil War. After his four years service he chose Manhattan as his home. He came in 1866 and lived here for seventy-two years until his death in 1938. He established the first book store in Manhattan which business he continued until 1894 when he became Adjutant General of the State of Kansas. He then sold his book store to Guy Varney, father of Ted Varney, present owner of the University Book Store near the campus of Kansas State University.

Simeon M. Fox is also known as the first genealogist of Manhattan. His records are recognized as authority by present day genealogists in Connecticut and other New England states, one of whom is Donald Lines Jacobus. His daughter Florence shared his avocation and continued family research throughout her lifetime. The data they collected is very extensive, much too extensive to more than list their direct line as far as has been learned. The numbers have been omitted when the corresponding ancestor is not known.

ATTENTION YOUNG RESEARCHERS

"Finding Indiana Ancestors" is a new pamphlet published for young Hoosiers of junior high school age. It tells how to start your family research and how to secure information now from grandparents, great uncles and aunts, rather than waiting until later when these sources of information are no longer available.

The same methods will apply to other states besides Indiana. Family research would make a good history project.

The cost of this pamphlet is 25¢ per copy or 10¢ in lots of twenty or more. It is published by the Genealogical Division of the Indiana Historical Society, Indianapolis.

OUR FOREFATHERS

THE BARRY and WOOD FAMILIES

Louise Barry, a Riley County Genealogical Society member, is on the staff of the Kansas State Historical Society in Topeka. She is descended from early Riley County families. Of her four great grandfathers, three came to Kansas between 1857 and 1865.

The fourth died quite young in Pennsylvania. His daughter came to Geary County, Kansas with a married sister and husband and became Miss Barry's grandmother.

The first known Barry (Berry) in America was Walter who came from England. He was a warrantee of land in February of 1766 in Northampton (now Monroe) County, Penna. Nothing is known of his wife who died before 1805. The oldest known child was born about 1767. Walter Barry's will, probated in 1805, named five children:

- i Walter Barry
- 2. ii Robert Barry
- iii Catharine Barry
- iv Elizabeth Barry
- v Hannah Barry

2. Robert Barry was born 1777 and died 1834. His will is on file in Easton, Northampton County, Penna.; he married about 1797 Elizabeth Meyer who was born in 1781 and died 1858, the daughter of Johann Ludwig Meyer (John Lewis) and Catharine Topper (or Dopper) of Hamilton Twp., Northampton County, Penna. Of the sixteen children born to Robert and Catharine (Meyer) Barry, fourteen grew to maturity and married. Two sons and a daughter removed to Kansas. The two sons were:

- 3. i Abraham Barry
- 4. ii Melchior Barry

3. Abraham Barry, was born 1809 in Northampton County, Penna. and died in 1873 at Batcheller, Riley County, Kansas (now Milford, Geary County); he married in Penna. Elizabeth Van Vliet. Both are buried in the Milford Cemetery. Abraham Barry, as a lawyer in Stroudsburg, knew Andrew Reeder, a lawyer in Easton, Penna., and became interested in removing to Kansas when Reeder was named the first territorial governor of Kansas. He became leader of a small company of Pennsylvanians known as the Barry-Gordon party who went to Kansas, reaching Pawnee on the Fort Riley Reservation 28 Mar 1855. About 5 May Barry took a claim near the mouth of Madison Creek on the Republican River. Perhaps even before taking his claim Abraham was at work surveying the town-site for the Boston Town Association in early 1855. A few months later when the Boston Town Association and the Cincinnati and Kansas Land Company decided to join forces and call the city Manhattan, he and Mr. Thurston completed the plans for the city of Manhattan.

In 1856 he was a member of the House in the Topeka (Free State) Legislature; in 1857 and 1858 he was elected by the people of Riley and Pottawatomie Counties to serve as House Member in the Kansas Territorial Legislature; in 1858 he was appointed Riley County's county attorney by Governor Denver; in 1858 he headed the town company that founded Batcheller (later named Milford); he served as Bluemont College (now Kansas State University) trustee from 1860 to 1863; he had a farm on Madison Creek, near Batcheller and a hotel in Junction City in 1865.

Abraham and Elizabeth (Van Vliet) Barry had no children.

In 1878 in Geary County, Kansas he married Alice Barbara Pauling who was born 1859 in Lancaster County, Penna, died 1946, buried in Orange, Calif. She was the daughter of William Winfield Pauling who was born 1825 in England and Catharine Gensemer of Reading, Penna. Simon was in his teens when the family came to Kansas. They are both buried in Ogden, Kansas. They came to America in 1850. After living about five years in Greenup County, Kentucky they removed to La Salle County, Illinois, thence to Kansas in the fall of 1857 where they settled on a farm in Eureka Valley, Riley County, Kansas. From 1860 to 1866 William Wood was engaged in the freighting business, owning his own outfit and operating between Leavenworth and Fort Dodge. Children of William and Sarah (Jones) Wood are:

- 2. i James Wood, born 1844 in England.
- 3. ii Thomas Wood, born 1846 in England.

2. James Wood was born in 1844 in England and died in 1921. In 1880 he married Amelia Elizabeth Wood, his cousin, the daughter of Jobe Wood who came to America in 1850. James attended the home farm while his father maintained his freighting business. When he became twenty-one years of age, James was engaged in the freighting business for two years. During this time he was twice attacked by Indians. The first time was between Fort Riley and Fort Larned. The fight lasted for two days during which time two freighters were killed. The second attack was at Downer's Station on the Smoky Hill river when one man was killed and two horses were captured. This dangerous business was a necessity because of the lack of other means of transportation. James became a farmer on the home place where one of his sons is now living. Children of James and Amelia (Wood) Wood are:

- i William Harry Wood, deceased.
- ii Elsie Jane Wood, married I. J. Shockley.
- iii James Clarence Wood.
- iv Charles Henry Wood.
- v Jobe Elbert Wood, twin, resides in Eureka Valley, Ogden Twp., Riley County, Kansas.
- vi Joseph Albert Wood, twin, resides in Eureka Valley.

(Kirk) Sharp who came to Kansas in 1876. Thomas Wood was a freighter. He used to relate many thrilling and deeply interesting stories of the period when goods and people were carried across the 'wild west' in the big freight wagons or lumbering stage coaches. He was one of the first teamsters at Camp Supply in Oklahoma and helped build the first post there. He and his brother Jim wore hair long in the frontiersman fashion of those days. Thomas and Carrie (Sharp) Wood had four children:

- i Sarah E. Wood.
- ii Arthur L. Wood.
- iii John Walter Wood.
- iv Lillie Edna Wood.

CORONADO IN KANSAS

Coronado visited Kansas in 1541, 80 years before the pilgrims landed. The Spanish explorer and his men entered near present Liberal and traveled past future Dodge City and Kinsley. They camped with Quivira Indians at Lyons and stopped on Coronado Heights near Lindsborg. They reached the fork of the Kansas and Republican rivers before returning to Mexico. The State Historical Museum has a sword believed to have been lost by one of Coronado's men.

OLD RUNNYMEDE CHURCH

A bit of Great Britain once existed on the Kansas prairie near Harper. In 1889, the village of Runnymede was populated by wealthy English and Irish lads sent to study American farming. It was complete with greengrocer, billiard parlor, and tallyho stagecoach. The British blades were more interested in the steeplechase than in farming. Within five years, Runnymede was abandoned.

PHOTOGRAPHING TOMBSTONES

Adapted from an article by Mrs. Lauretts Russell, Maryland Genealogical Bulletin, V. 6, No. 1

Tools needed: Rubber gloves, vinegar, sponges or soft rags, soft 3 or 4 inch paint brush, "Artist's Powdered Charcoal" which may be purchased in a plastic squeeze container, talcum powder, chalk.

Directions for Cleaning: Wash the stone with a vinegar saturated sponge or soft rag. It will be cleaned easily and quickly with possibly a little extra rubbing on the worst collection of moss. NEVER USE A WIRE BRUSH as it leaves scratches on the stone and on very soft stones will even eliminate the inscription.

Very White Stones: Be sure the stone is dry. Spray charcoal into the white letters. Clean away excess charcoal around the letters with paint brush. Be careful not to leave black marks on other parts of the stone as these will appear as smudges in the photo. When you take the picture the letters will be clear and easily read.

Dark Stones, 1st Method: Use talcum powder in the same way as the charcoal above. Be careful to brush away all surplus powder on the surface of the stone.

Dark Stones, 2nd Method: Rub chalk on the flat surface of the stone, leaving the indented letters dark. This method also produces clear, easily read photos.

NOTICE: ~~Due to the sudden illness of the editor, the Annual Index is not completed.~~
It will appear at a later date.

THE BRANNICK FAMILY

Michael Brannock with a brother and sister emigrated from Ireland to New York, after which they went to St. Louis, Missouri. For their naturalization papers the clerk mistakenly substituted an i for the o in their name, which spelling they continued to use. The sister never married. The brother stayed in St. Louis where he had a family. Two of his sons later went to Kansas City and became undertakers. Michael came to Kansas before 1862.

Michael Brannick was born 29 Sep 1833 in Ireland and died 7 Mar 1884. He is buried in McDowell Creek Cemetery. In Dickinson County, Kansas on 9 Jan 1862 he married Bridget Lennon who died in Nov 1862. Reference: Dickinson County Marriage Register 1861. The child of Michael and Bridget (Lennon) Brannick was:

- i John born 3 Nov 1862 and died 1926. He was buried in McDowell Creek Cemetery. John married Mary L. Schippert (1865-1958) who was the daughter of Frederick J. and Anna H. Schippert. All are buried in same cemetery. Children of John and Mary L. (Schippert) Brannick:

Michael Brannick married (2) ca 1868 Mary Ellen Ryan who was born ca 1849 in Kentucky, daughter of James and Martha Ryan. Mary Ellen (Ryan) Brannick married (2) Michael Shay. She is buried in the Junction City Catholic Cemetery. The Ryans emigrated from Kentucky to Kansas in an oxen drawn covered wagon in 1855 and settled in Ashland Bottoms, south of Manhattan. In 1856 they homesteaded in the McDowell Creek neighborhood, two miles from their neighbor, Michael Brannick. When Bridget, 1st wife of Michael died Mrs. Ryan took the baby John to raise. John continued to live with the Ryans after his father married Martha Jane Ryan.

Mr. and Mrs. Ryan gave land from their homestead for the St. Joseph Church and Cemetery, known as the McDowell Creek Cemetery, both of which continue to be used. The original church building was destroyed by fire. When it was rebuilt in 1910, memorial windows were given in memory of James and Martha Ryan and Michael Brannick. The large center gate to the Cemetery is in memory of Mr. and Mrs. John Brannick, and the Crucifixion Group is in the memory of the John Brannick family. The church and the grounds are in excellent condition due to the devoted concern of Miss Marie Brannick and other members of the family. Children of Michael and Mary Ellen (Ryan) Brannick are:
