OUR FOREFATHERS - THE BROWNING FAMILY

The Browning family of Riley County, Kansas originated with Asaph Browning who came to Kansas as a member of the New England Emigrant Aid Society. This group came to 'establish a town and open a school in the middle of Kansas' under the leadership of Isaac T. Goodnow, Joseph Denison, and others. They joined two other groups and assisted in founding the town site of Manhattan. There are descendants of Asaph Browning living in Manhattan and vicinity at the present time. Much of this family information was furnished by Miss Virginia Hylton, 2713 Claflin Road, Manhattan, Kan.

1. James Browning, the emigrant ancestor, was born in Scotland in 1672 and died in Massachusetts in 1791. In 1721 he married Elizabeth Davis who was born in Scotland in 1707 and died in Rutland, Massachusetts in 1791. James and Elizabeth were members of Presbyterian families who went to North Ireland near Londonderry with letters from Rev. Mr. Halliday of Ardstrom. They first met on the voyage from Scotland to Ireland. She was a child with her mother, but he was deeply interested in her and obtained permission to educate her with a view to marrying her when old enough. They were married when she was 14 and he was 49. She was a noted Christian woman, very useful and intelligent. James and Elizabeth owned 800 acres of land in Rutland, Massachusetts. After the death of James, Elizabeth married second Andrew Oliphant of Dedham in 1752. Children of James and Elizabeth (Davis) Browning:

A HISTORY OF NOBLES COUNTY, MINNESOTA
by Arthur P. Rose - 1908

Following is an index of the persons mentioned in the above history. Should you be interested in any of the surnames included contact: Frank N. Parshall, 1500 Pierre, Manhattan, Kansas 66502, enclosing a self addressed stamped envelop.

Nobles county is near the southwest corner of the state. In 1860 there were only 35 persons living in the county but by 1875 there were 2378 inhabitants. These were the pioneers.

In 1908 the History of Nobles County was published consisting of 270 pages of history and 324 pages of biographical sketches of the pioneers. As this history was published only about 30 to 35 years after the county was settled, most of the settlers were still there and alive and the coverage is very good, in that, it gives much more information than the average county history.

WHAT HAVE YOU BEEN DOING?

It is wise, frequently, to review the activities and accomplishments of the past months. As a member of the Riley County Genealogical Society what have you done to further the activities and aims of our society? How much time did you spend on society activities? How many books or manuscripts did you contribute to the library? Each member has different talents and capabilities, all are needed and each of us can do something to help. If you do not do your share, it will not be done. The possibilities for future progress are unlimited if each of our members 'catches the vision.'

Those old records in your family Bible might be just the thing to help someone in his research. Do you realize that the faded writing in that old Bible might be the only authentic record of that family? Many of us have searched in vain for 'Great Aunt Mary's' Bible only to discover that it is lost, burned or missing. Those old records cannot be replaced. A good way to distribute them to a wide group of interested people and to insure their preservation in a permanent form is to publish them in our bulletin. Remember, be sure to include the exact title, as printed on the title page and the date of publication of the Bible.

Seattle Genealogical Society Bulletin.

PARDON, IS YOUR DISCOURTESY SHOWING?

If you always enclose a stamped, self-addressed envelope with any request for genealogical information, you need read no further. If not, please blush and vow to reform. Our society long ago lost track of the number of requests for - - -, or for 'complete ancestry of my great grandfather and histories of his ancestors', all lacking in the common courtesy of enclosing return postage. There's also the lady (?) who complacently accepted a free 4-hour copying job giving ancestry back of her grandfather to the immigrant, and sent not a word of thanks, but only a request for additional data, and still no stamped envelope was enclosed. Please, when writing, make this your rule:

When asking a favor, you'll make a friend,
If you remember a stamp to send - -
And when that friend gives help to you,
Please send a card to thank her, too.

OUR FOREFATHERS: THE BURTIS FAMILY

The progenitor of the Burtis family in America was Pietro Caesar Alburto, a native of the Republic of Venice, the first of the Italian race to become a settler in New Amsterdam, New York.

In May 1635, Capt. David Pietersen de Vries brought his leaking ship, the de Coninck David, near port and went ashore with a few of the crew. A storm arose and blew the ship against the wharf, causing many to jump overboard. When the ship hit the wharf Pietro Caesar Alburto leaped ashore and disappeared into the shadows.

Pietro Caesar Alberto (Albertus, Burtis) was born in Venice, Italy. He went to the Netherlands, sailing from there on May 30, 1635. He has tentatively identified by Louis P. DeBoer, a specialist in old world ancestors of early American settlers, as the son of Andres Alberti, Secretary of the Ducal Treasurer of Venice and Lady Veronica,

his wife. He was baptised in the parish church of San Luca the 20th of June 1608. Records in Italy verify the identification. He died in New York about 1680.

Why he should become a sailor on a Dutch vessel and why later he should break with his aristocratic past remains a mystery. The 17th Century relations between the Republic of Venice and the Netherlands were close and cordial, and moreover, the Venetians were notable as citizens of the world.

1. Pietro Caesar Alberti became a Long Island Dutch farmer in all except his name, living in what is now the Borough of Brooklyn before the island's first English settlements were established. His first patent for land was on the site of the present Brooklyn Navy Yard. On the 24th of August 1642 he married in New Amsterdam, Judith, the daughter of Jan Mawnee?Meynze and Martha Chambaer/Chambert of Holland. Their children born in New Amsterdam were given Dutch names which they changed a few years later as they grew up and moved into English speaking communities. The Children of Pietro and Judith Alberti:
 - i Jan, later John, baptised 30 August 1643, married Elizabeth the daughter of John Scudder and resided in Newtown, New York.
 - ii Merler/Merles/Martha was baptised 7 May 1645.
 - iii Aete/Arthur was baptised 14 April 1647.
 - iv Marritje/Marie was baptised 27 June 1649. She married John F. Bant.
 - v Francyntie, baptised in 1651 and died in infancy.
 - vi Willem/William, baptised 31 March 1652.
 - vii Francyntie/Francina married John Allen.
2. Arthur Alburtus, the son of Peter and Judith Alburtus was baptised the 14th of April 1647. He married Elizabeth, the daughter of James Way, Sr., an English Quaker. James Way's will dated 5 October 1685 names his wife Ede and children: John, James, Hannah, Elizabeth, Frances and Martha. Arthur Alburtus of Hempstead, New York wrote a will dated 10 November 1690 in which he named his wife Elizabeth and seven children which he does not name. Hempstead Vital Records names James. Another son was:
3. John Alburtus who had a son
4. James Alburtus, who was born in 1726. The name change to Burtis was probably not intentional on the part of the family. Latin names were difficult for Dutch clerks and others. James Burtis had a son
5. John Burtis who was born in 1768. His only known son was
6. Garrit Burtis who was born in 1795. He married Esther Kirby of Massachusetts, a sister of Margaret Kirby, a Quaker. The known children were:
 7. i John Lovett Burtis
 - ii Esther Burtis, who married Burtiom Theodore Pine. They had a son Orville Pine.
 7. John Lovett Burtis, the son of Garrit and Esther (Kirby) Burtis was born in 1833 in New York and died in 1909 in Riley County, Kansas. He married Mary Frances Buffinton who was born in 1837 in Massachusetts and died in 1890 in Riley County, Kansas. Both are buried in Sunset Cemetery, Manhattan, Kansas. This Burtis family came to Kansas in 1869. They are listed in the 1880 census in Waterville, Township, Marshall County, Kansas. The children of John Lovett and Esther (Kirby) Burtis, all born in New York, were:
 - i Esther (Essie) M., 1862-
 8. ii Walter John Garat, born 1865
 - iii Harvey, age 13 in the 1880 census
 - iv. Francis, age 11 in the 1880 census
 - v Edwin R., age 9 in the 1880 census
 8. Walter John Garat Burtis, the son of John and Mary Frances (Buffinton) Burtis was born in 1865 in Saratoga Springs, New York and died in Riley County, Kansas in 1953. He is buried in Sunset Cemetery in Manhattan. In 1890 he married Winifred Brown, the daughter of George B Brown and Christian Elizabeth (Kitty) Wilson. They lived

in Osceola, Iowa before coming to Kansas in 1868. George Brown was a son of Adolphus Ziba Brown, a homeopathic doctor and Campbellite preacher. A granddaughter remembers him as stern and critical. George B. and Kitty (Wilson) Brown were the parents of three children, namely: Frederick Carlos known as Fred, John Piper Brookins known as Johnny or Brook and Mary Jane Winifred known as Win or Winnie.

Winifred (Winnie) Brown was born in 1868 in Osceola, Iowa and died within a few months of her hundredth birthday in Kansas City. She is buried in Sunset Cemetery in Manhattan, Kansas. She came to Kansas before she was a year old. Winnie (Brown) Burtis has written a story 'Growing up With Kansas' for her family. Besides being active in DAR, Faculty Women and the Congregational Church, she was receptionist in the office of Dr. J. T. Willard, Dean of Arts and Science and Vice President of Kansas State University and served as liason between the students and the Dean.

Walter Burtis came to Kansas when he was four years of age. He graduated from Kansas State University, taught school for a few years after his marriage before he became a farmer. He served a term in the Kansas Legislature and one year was named the best Kansas farmer. Children of Walter John and Winifred (Brown) Burtis:

YOUR EDITOR SPEAKS

For the past ten years it has been my privilege, pleasure and responsibility to edit and publish KANSAS KIN, the quarterly bulletin of the Riley County, Kansas Genealogical Society. It is with regret that I have to announce with this issue the termination of my editorship. This is brought about due to health reasons. Perhaps, now, it is time for new thinking concerning KANSAS KIN: new blood, perhaps a new format, and the opportunity to give more individuals a part in the issuing of this publication.

My best wishes go with this announcement to the new editor and staff in producing a publication that is being indexed in the Genealogical Periodical Index and is having the queries indexed in Linkage for Ancestral Research.

I would be remiss if I did not sincerely thank all those individuals who, during the past decade, have contributed Bible Records, Ahnentafels, and other suitable information relating to Genealogy.
