From Your President

January Meeting

The Riley County Genealogical Society met January 27 in the Yellow Room of the City Hall. Mrs. John Roberts and Mrs. R.D. Olney presented detailed information on the Bicentennial project to collect biographies of early area settlers.

Mrs. George M. Ward gave an informative talk on the topic, "What Happened to the Signers of the Declaration of Independence?"

February Meeting

Dr. Homer Socolofsky, professor of history at Kansas State University, will present the program at the general meeting February 24, at 7:00 p.m. The meeting will be held in the meeting room on the second floor of the Manhattan City Library. Visitors are welcome.

Volunteers Are Needed

Remember that we need volunteers for various types of work on the Bicentennial Biography project. . . . As our library grows, the librarians need help. . . . And as new members join our group, they need help from those who have had some experience in searching for ancestors. Tell someone you want to help.

Workshop Hours at the Woldt Library, 908 Kearney

Wednesdays: 7:00 to 10:00 p.m.

Thursdays: 1:30 to 4:30 p.m.

Thanks to Society

Early in January, the R.C.G.S. received from Genealogist Grace Woldt, then visiting in San Diego, thanks for the money gift she had received from members at Christmas. She wrote, "What a lovely thing to do. I thought at first I might get something not genealogical -- but there are so many books I have been passing up because of the price, so I am thinking about that."

-- Virginia Chatelaine

**To Collect****Biographies for Bicentennial**

The Riley County Genealogical Society is embarking on a major project in celebration of our National Bicentennial.

We plan to collect biographies and publish a book on the early settlers of Riley county, and the adjoining counties of Geary, Clay, Marshall, Pottawatomie, Washington, and Wabasha.

If you have ancestors who settled in one of these counties before 1890, please send us their names and information about them. Use the forms we have provided as a guide in preparing the information. Use the back of the form to answer the questions and to elaborate on interesting episodes.

These forms will be kept as a permanent file in the RCGS library, for they will probably include more detailed information than the published biographies.

In addition to filling out the forms, we would like for you to write the biographies. These will be edited before they are published. Make the biographies as interesting as possible. Include unusual features of their lives as pioneers. If you don't feel qualified to write the biography, send in just the completed form or ask for special help.

Don't stop with your own ancestors. Visit with your friends and find descendants of other early settlers. Assist them in filling out forms and writing biographies.

We want to involve the whole community in this worthwhile project.

Send completed forms to:
Mrs. John R. Roberts, 415 Timberwick Place
or Mrs. R.D. Olney, 2063 Hunting, both
Manhattan, or leave the forms at the RCGS
library, 908 Kearney.

Additional forms are available at the same addresses. Let's have all the biographies completed by August 1, 1975, so the book can be ready for sale in 1976. We reserve the right to edit your material so that it will fit available space.

Everyone's help is needed. Call Mary, 539-3912, or Elaine, 539-4512, and offer your services. We need typists, researchers, writers, editors, and salesmen.

Statistics

Amateur genealogists, while tracing their ancestors, may become bogged down in a multitude of names. A generation is generally agreed to be 30 years. In only 30 generations, the researcher will find he has a total of 2,147,483,646 ancestors. In the 30th generation alone there are 1,073,741,824. Of course many of these will be duplicated. -- Wm.H. Hensler, Aurora, CO.

IS YOUR AHNENTAFEL IN?

So many members live out of town that I would like to urge all of you to send in your ahnentafels as soon as you have most of the names and some of the dates for 5 generations that have lived in the United States.

If you have fewer than 5 generations or are hunting for missing links, we recommend that you send us some queries about them.

The recommended method for making your ahnentafel, which appeared in the fall issue of Kansas Kin, is repeated below. Check a recent issue for arrangement and data needed.

1. Because of limited space and growing demands for it, we are limiting ahnentafels to one page per member after January 1, 1975. This includes 63 lines typed on paper 11 inches wide. This is space for 6 generations.

2. If you prefer, you may replace the 6th generation or a portion of it with several generations of a few families for which you have records. Our purpose in publishing the ahnentafels is to help members contact others interested in the same lines, in the hope that an exchange of information might be mutually beneficial. Therefore, give preference to those persons who have lived in the United States.

3. If, by eliminating non-residents, you still have too many for one page, you may send them in, with the understanding that they will be edited to fit the space--probably by listing names and numbers only--the format to be determined by how much condensation is necessary.

Good hunting, and let us hear from you.

From Your President

Virginia Chatelain

Note the events listed above, and be prepared to help throughout the summer when you can.

As a result of our Bicentennial Project, our membership has increased, and many more people are using the Woldt Library. We need people to help research beginners as well as others to help with the Bicentennial Project.

Special thanks are due those who continually serve in the library as well as those working on our special project.

Save! Save! Save!

The Riley County Genealogical Society is planning a giant rummage and antique sale in late August. This is a money-making project to raise funds for our bicentennial book.

Contact Golda Sitz, phone 539-4882, or Dorothy Ward, phone 776-9774, for details.

Migration Trails

The last meeting of 1975 spring season will be held June 2, rather than the last Monday of May, because of Memorial Day.

Mrs. Claude Thummel will talk on "Migration Trails" at 7:00 p.m. in the Manhattan Public Library. The meeting is open to the public.

Using the Library Effectively

Mrs. H. W. Woldt was the speaker at the RCGS meeting April 28 held in the Manhattan Public Library. Mrs. Woldt is genealogist for the society, and she generously shares her library with the Society which has developed an extensive library. She provided much information about how to make better use of the material in the library. She brought books, maps, charts, and Exchanges from other genealogical societies to illustrate her talk.

BICENTENNIAL BIOGRAPHY PROJECT

The collection of biographies for our Bicentennial project is progressing beyond our wildest expectations. The whole area is receiving the project with excitement, and people are trying most earnestly to find records of their families.

We have had dozens of requests for forms from descendants living in other states. Members of our society have handed out almost 4,000 forms and have helped many descendants look for records necessary to fill out their forms.

Special commendations go to Marjorie Sand for her work in the Riley area, Merrie Pinich for Pottawatomie county, Fanny Hotchkiss for Wabasha county, Lillian Bennett for Manhattan, and Betty Boller for Geary county. These five people are responsible for giving out close to 500 forms.

Jim Olson, editor of the Riley Countian, has printed many more forms and instructions at his own cost for our use.

August 1, the deadline, is close at hand. Return your own biographies, and remind others to send in the completed forms. About 10 percent of the forms have been returned, and we need time to work on all of them.

Some forms may not be completely filled out, but encourage everyone to submit whatever they can. We will have some very short biographies with only bare facts. We already have some excellent long ones full of interesting tales and with primary records of our history.

Continue to look for those few over-looked settlers, so that our book may be as complete as possible.

You are all doing a super job. Keep it up!

HISTORIAN SPEAKS ON "FAMILY HISTORY"

Dr. Homer E. Socolofsky, professor of history at Kansas State University, discussed the subject, "Family History," at the February 24 meeting of the Riley County Genealogical Society in the Manhattan Public Library.

The speaker gave those attending a pamphlet entitled, "History in Your Own Backyard," prepared by the Department of History at KSU.

Family sources listed included reminiscences, letters, diaries, account books, family Bibles, photograph albums, documents, relics, and announcements of births, marriages, and deaths, and wills.

Local community sources include church records, business accounts, newspapers, township, city, or county records, library files, county atlases, and early books about the area.

The pamphlet also listed state and federal sources for information, and gave suggestions for interviewing older members of one's family.

At the close of the meeting, Dr. Socolofsky presented the RCGS with a copy of the Socolofsky family history he had prepared and published.

GIFTS TO RILEY COUNTY GENEALOGICAL SOCIETY NOW TAX DEDUCTIBLE

More than 65 people attended the March 21 Genealogical Research course presented in Manhattan by Ronald A. Bremer, research specialist for the Genealogical Society in Salt Lake City.

He gave special emphasis to the use of court records in research. Judicial court records, property records for deeds, mortgages, and taxes, and probate records all provide much information for the researcher. Federal records, the miscellaneous records division, and the Court of Common Pleas also are possible sources of help.

Mr. Bremer also stressed the use of early county maps in research, as well as lodge and church records, telephone directories, and WPA records.

GIFTS TO RCGS NOW TAX DEDUCTIBLE

Do you have some genealogical resource books you would like to give to the Riley County Genealogical Society Library?

Would you like to donate money to the Society to buy research books or other material for the use of yourself and others using the library?

Your gifts of books and other donations are now tax deductible, since the Internal Revenue Service approved the group's application for tax exempt status.

The letter from the Internal Revenue Service, dated February 27, included this statement:

"Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code."

Our identification number is 23 7408221.

Visit with the treasurer, genealogist, or librarians about gifts which will help the growth of the Society and its library.

MEMBERSHIP IN RCGS

Individuals, libraries, or societies may apply for membership at a cost of \$4.00 for single or \$5.00 for husband and wife.

The membership year is the calendar year and includes one subscription to KANSAS KIN, the quarterly publication, and free queries in the publication.

Members may also use the library and participate in workshops and classes organized by the Society.

Non-members may insert queries by sending \$1.00 with their query of 40 words or less.

CONSTITUTION AND BY-LAWS

WITH

ROLL OF MEMBERS

OF THE

MANHATTAN HORTICULTURAL SOCIETY.

MANHATTAN, KANSAS, March 12th, 1885.

To the President of the Manhattan Horticultural Society.

DEAR SIR.—I transmit herewith in accordance with a resolution passed at the regular meeting, January 13th, 1885, a printed report of the Constitution and By-laws of the Manhattan Horticultural Society. Both documents have been carefully revised up to date, as directed.

This report also contains a list of the members of the Society. During the existence of the organization, several members have died, and a comparatively large number have left the country tributary to Manhattan. Of many that have left, nothing has been heard for years. Many persons were admitted to membership by vote of the Society, but the books do not show that the initiation fee ever was paid. These three classes have been omitted.

Respectfully,

J. D. WALTERS, Committee.

FAIRVIEW PRESBYTERIAN CHURCH, Riley County Kansas

Continued from Vol XIII no 1

LOCATION: two miles north of Riley, Kansas on Highway US 24

This History and Records were made available thru the courtesy of Mr. & Mrs. Lloyd Jahnke and the Church Board.

"In the year of 1869, a number of German Presbyterian families moved from Illinois and Iowa to Riley Center, KS. They earnestly desired to have a Presbyterian Church organized in their settlement.

"Only a partial organization was effected about the middle of December, 1872.

"On the 27th day of October, 1874, Rev. J.H. Reid of Manhattan and Rev. Levi Sternberg, of Ellsworth, who had been appointed by the Presbytery of Topeka, helped organize a Presbyterian Church to be called Riley Center (German).

"The following persons, on examination, were received as members: Frederick Krause, Augusta Krause, Albert Schurman, Mrs. Albert Schurman, Henerick Jahnke, Ursula Johnke, Martin Gravenstein, Mrs. Schenck, Frederick Stadel, Albert Pollman, Manno Greenwold, Lucas Buss, Reinard Nanninga, Frederick Uhlenhop, John Beninga, Herman Toelle, Mrs. Toelle, Henry Meyer, John Arents, Casper W. Hassebroek and Klass Tuetyer. (21 members.)

"The following named persons were elected and ordained elders: Casper W. Hassebroek, Reinard Nanninga and Lucas Biss.

"The following were elected trustees: Albert Schurman, Albert Pollman, Fred Krause and Fred Uhlenhop.

"Rev. Fred Schmidt was the first Moderator. Services were held in the school house located 2½ miles North of Riley Center. [editors note: The school stood across the road south of the church site and to the west of Fairview Cemetery.]

"On March 20th, 1882, which was 6½ years following its organization, the membership had grown to 59 members. The congregation unanimously resolved to build a "House of Worship" that year.

"The following persons were elected for trustees: Fred Stadel, Fred Uhlenhop, Henry Jahnke, Albert Pollman and C.W. Hassebroek.

"The church was built and paid for during that year."

THE UNITED STATES ARMY
MILITARY HISTORY RESEARCH COLLECTION

Acknowledges with Sincere Appreciation

The Contribution of
World War I Correspondence
of
First Lieutenant Arthur J. Ericsson
Toward
Preserving the Heritage, History, and Traditions
of the U.S. Army

A facsimile copy of a letter sent to Mrs. Ray Keen's father by Arthur J. Ericsson was sent to the U.S. Army Military History Research collection.

The letter, dated 14 Sept. 1918 from 1st Lt. Ericsson, 0244419, Commanding Co. L, 137th Infantry, 35th Division, was written on the eve of the St. Mihiel offensive.

In addition to the certificate shown, Colonel Ericsson received a note of thanks from Colonel James B. Agnew, director of the research. He wrote, "The importance and value of the Collection will increase with the years. Your contribution is an important addition to the Collection and adds to its research value."

Mrs. Keen also received a letter, written by Richard J. Sommers, PhD., Archivist Historian, since the original letter was in her collection.

Dr. Sommers wrote:

"Let me say a word about why we acquired the letter. The Military Research Collection is the Army's official central repository for historical source material. Our holdings of 300,000 books and 3,900 boxes of manuscripts make us a major center for research.

"Still, we desire to strengthen our holdings even further, and World War I is an area we particularly want to develop. That war, indeed, is the favorite subject of our Director, Colonel Agnew. We are, accordingly, approaching soldiers of that conflict through their veteran's organizations, asking for donations of letters, diaries, books, memoirs, official papers, photographs, and artifacts. It was in response to that appeal that Colonel Ericsson sent us the copy of his letter to your father.

"I am wondering if you have more such letters written by Colonel Ericsson during World War I. If so, we would be most grateful if you would consent to share them with us. Many individuals donate manuscripts to the Research Collection. Others prefer to retain the originals but are willing to loan them for copying. All loaned material is well cared for and promptly returned. Whichever arrangement is preferable to the owner is most acceptable to us.

"We appreciate what you have already sent, and we would be grateful for any further contribution the privilege of being the means for making the letters available to historians."

Bicentennial Project

BIOGRAPHIES OF EARLY SETTLERS IN AREA

More than 1,000 biographies of early settlers in the area have been turned in to the Bicentennial Project coordinators. This means that at least 25,000 early residents have been included in the biographies.

Biographies of German, Scandinavian, Welsh, Irish, Czechoslovakian, and English immigrants along with biographies of descendants of early Colonial families, are all meshed together to make a living history of Riley and surrounding counties.

Most of the early settlers were tillers of the soil and stockmen, but there were also many stone masons, business men, doctors, and teachers. Their biographies include stories of the hardships they met to survive, methods used in the construction of their early homes, farming methods, and life customs in general.

The excitement and cooperation of the whole community is evident as individuals look up distant cousins and collect family material. The community interest is also apparent at the Genealogy Library each Wednesday evening and Thursday afternoon when 25 to 30 people come to do research on their families. Numerous calls for assistance are answered each day.

The general public has learned about the Riley County Genealogical Society and its services to the community. People are appreciative of the work members are doing to preserve old records and to make the information available to others. Hundreds of personal "thank-you's" have come in from all over the United States.

Special praise should be given to our tireless researchers. A few of those researching are Diane Saunders Long, Helen Roberts, Henrietta Darby, Claudine Lee, Martha Streeter, Virginia Hylton, Doris Hays Fenton, Dorothy Ericsson Keen, and Ethel Self.

With most of the biographies turned in, we have to finish our task -- that of preparing the material for publication. For that, we need the help of everyone now in writing, editing, and indexing this material.

-- Mary Roberts and Elaine Olney

FAMILY HISTORY COURSE ON TELE-NETWORK

A Tele-Network course in Family History has just been completed by our RCGS genealogist, Grace Shaw Woldt. Enrolled in the course were 145 Kansans who registered in the 22 towns where the course was available.

The course was set up by the Kansas State University Division of Continuing Education in cooperation with the Regents Continuing Education Network. Students in each area meet in the centers where they can hear the lectures and participate in discussion by means of the telephone network.

In the five 2½-hour sessions, Grace discussed basic source material, research tools, records, books, and regional material. A set of printed materials was provided each student.

The first meetin was held at the home of Mrs. John Fosha who became secretary - treasurer when Esther Boell married and moved away.

The society books for the years to 1959 have been lost so no early records are available. The group is still active.

BLUE RAPIDS SECOND GRADERS -- 1921-1922

Memories of the "good old days" when classes were large were brought to mind recently when Miriam Dexter found an old grade record book for the second graders she had taught in Blue Rapids, KS, in 1921-22.

Forty students were enrolled all year, and three additional ones attended for several months. The following year, Miriam remembers that 44 students attended all year, with an additional 4 part of the year.

The second graders included the following:

Bessie Arnold	Harold Irvin	Allene Peacock
Mabel Arnott	Lester Littlefield	Violet Peterson
Gordon Austin	Elton Mann	Rexford Phelos
Edwin Baird	Tommy McCoy	Freddie Reedy
Ruth Boone	Maxine McKinley	Evelyn Richmond
Donald Earl	Mildred Miller	John Sabin
Stuart Fitzsimmons	Vera Morgaridge	Nolan Siemer
Archie Grabhorn	Lloyde Newman	Ernest Scott
Earl Grabhorn	Opal Nusbaum	Frances Stryker
Ruby Grabhorn	Veneta Nusbaum	Roy Sutton
Elnora Gilson	Lawrence Osterloh	Earle Trickle
Willie Henrich	Shirley Oswalt	Paul Van Valkenburg
Ruby Henrich	James Padgett	
Ralph Honeycutt	Faye Padgett	

Listed only by their first names were three others: Elden ----, and Corinthia and Bessie I-----, sisters.

Ahnentafels Needed

All new members and former members of RCGS need to complete their five-generation charts. Helen Roberts, Ahnentafel editor, suggests that even though you may have many missing links, you may find help by having the ahnentafel published. Queries will also help in finding names.

Directions were in the February 1975 issue, or you may follow the pattern used in this issue. If you have questions, call or write the Ahnentafel editor, Helen Roberts.

Adding New Books to Library

Members of the Orange County Genealogical Society originally shared their books with each other, but their collection now is housed in the Huntington Beach, CA, library. Some volumes were donated, others purchased by the society.

Members have an opportunity to acquire the exclusive use of the books for 60 days by paying half of the purchase price while the society pays the other half. At the end of the 60 days, the books become a part of the permanent collection.

1976 DUES

This is the ONLY membership dues notice you will receive. Your dues for 1976 are payable as of 1 Jan 1976. To insure that the Feb issue of KANSAS KIN will be printed for you, dues should be received not later than Feb 15.

Bring your dues to the RCGS Library, 908 Kearney, or mail to Mrs. John Brown, Treasurer, 409 N 17th St, Manhattan KS 66502. Single memberships are \$4.00 and couples \$5.00. Checks should be made to the Riley County Genealogical Society.

FROM YOUR PRESIDENT

The Riley County Genealogical Society will meet November 24, from 7:00 to 9:00 p.m. in the Manhattan Public Library. Miss Neva White, KSU librarian, will report on the resources available for research at the University library.

No monthly meeting of the group will be held in December, and the program for the January 26 meeting will be announced at a later date.

The RCGS Library in the home of Grace Woldt will be closed during December but will reopen January 7 for regularly scheduled workshops.

We all surely want to thank everyone who helped in any way to make the giant rummage sale for the benefit of our Bicentennial project such a success. Special thanks are due co-chairmen Golda Sitz and Dorothy Ward, and to the Stites and Olney families for making their garages available for the sale.

Members of the group are certainly working to prepare the biographical record of the early pioneers of this area. This includes copy writers and editors, proof readers and typists, as well as the coordinators, and many others.

A new committee, sales and promotion, is to begin work soon. Please help us all by placing your orders soon so that we can meet our July deadline.

-- Virginia Chatelain

FROM YOUR EDITOR

Kansas Kin copy for the February 1976 issue is due January 26, date of our next meeting.

The staff wishes to express its appreciation for the fine cooperation members have given in submitting Bible records, Ahnentafels, queries, and other valuable records.

As this volume closes, my special thanks go to the assistant editors who have secured the material, and edited and typed it for publication, always meeting their deadlines.

Other source material is always welcome, as are other volunteer assistant editors.

May the New Year be a happy one for you all,

-- Miriam L. Dexter

Bicentennial Project

Lyle L. Dixon, vice president of the Riley County Genealogical Society, requested recognition from the Kansas American Bicentennial Commission for the Society's project to make permanent records of the pioneers of the area and to publish a book. That recognition was received in September, and his request for national recognition is being processed.

The project itself is progressing rapidly under the direction of coordinators Mary Roberts and Elaine Olney, with the cooperation of President Virginia Chatelaine, treasurer Evelyn Brown, and members of RCGS.

The contract with the printer has been signed, biographies have been typed and are being edited, and the project coordinators expect to meet the December 2 deadline for sending the first copy to the printer.

Because RCGS is a non-profit organization, it is necessary to have pre-publication sales to meet printing costs during each phase of the publication.

The final deadline for ordering the number of copies needed is February 15, which makes it mandatory to have our sales at the pre-publication price completed by February 15. Reserve the copies you need now.

Gift certificates are available for those of you who wish to give copies for Christmas or later.

Publication date for the book, *PIONEERS of the Bluestem Prairie*, is July 1976. Books may be picked up in Manhattan from a delivery point to be announced later, or individual books will be shipped by the printer for \$1.50 per book.

THE AMERICAN DIGEST
Century Edition 1658-1896
Decennial Edition 1897-1906

(Summary of a talk presented by Mrs. E. L. Sitz at the October RCGS meeting.)

The American Digest is a set of books which contains information on Cases tried in the US Courts beginning in 1658. Washburn Law Library has one of the sets, and the librarians there are very helpful. When we asked to see the books, we were told, "This is an index to plaintiffs only, which eliminates half the names of people involved in suits. Discouraging!"

The Century Edition contains 50 volumes and the Decennial Edition 25; the material in them is arranged alphabetically as to subjects. The most important volumes to the researcher are 21, 22, 23, 24, and 25 in the Decennial Edition. These volumes contain the index of the plaintiffs for both editions. So here is the place to begin.

Since the beginning of time families have fought among themselves so it is possible to find members of a family suing other members. So it is important that you know as many of your family as possible, also the families they married; in-laws have troubles too. In checking the index look for family names, but also be sure to check such things as State vs _____, Commonwealth vs _____, or People vs _____, and don't forget the in-laws.

In the front of each volume is an EXPLANATION page; take time to read it. After studying this page, turn to your family name. If you are interested in cases before 1896, don't waste time on

any "D" reference (Decennial Edition), concentrate on the "C" index.

An example might be: BLAKE 118 NC 575 24 SE 424, 38 C Partit (Para. Symbol) 72 This says go to Cent. Ed. Vol. 38 paragraph 72. Also it is a partition suit. In Vol. 38 "C", the first 2 references are repeated. NC is for state, and further information can be found Vol. 118 NC, p 575. The 24 SE tells you to look in a set of books marked SE, Vol 24, p 424.

Some volumes called Reporters and the states covered in each set is as follows.
SE, Southeastern: VA, WV, NC, SC, GA
NE, Northeastern: MA, OH, NY, IN, IL
NW, Northwestern: MS, IA, WI, NE, ND, MN, SD
SR, Southern: AL, FL, LA, MS
SW, Southwestern: AR, KY, MO, TN, TX
PR, Pacific: AZ, KS, OK, CA, MO, OR, CO, NV, UT, ID, NM, WA, WY
AR, Atlantic: ME, NH, VT, F I, CT, NJ, PA, DE, MD

Besides these many volumes there are State Reports, arranged alphabetically by states, except Kansas which is separate. Also many states have many more sets. All of these are on open stacks. Some indices in the separate volumes contain the names of both the plaintiff and the defendant.

Obituary

Lawrence George Kemp, better known to his family and friends as "Skinny" was born March 9, 1902 near Winona, Kansas and died September 1, 1945 at the Henry Hittle Ranch near Pinedale, Wyoming following a heart attack at the age of 43 years, 5 months and 23 days.

He attended Winona school and grew to manhood in this community. In 1920 his father died leaving him with his mother to care for a family of eight brothers and sisters. He never failed this responsibility through all these years. Not only did he devote his time to his family but was never too busy to assist a neighbor or friend.

Ten years ago he went to Wyoming and has spent most of his time since near Pinedale working for the government as a Forest Ranger and as a ranch hand.

In October 1942 he was called to serve his country. After eight months of service he was released and later given an honorable discharge.

His father and two brothers have preceeded him in death. He leaves to mourn his death his mother, Mrs. Pearl Kemp, Winona; two sisters, Mrs. Mabel Yeoman, Winona and Mrs. Zella Pitts, Fairview, Okla. Four brothers, Woodrow W. Kemp of Winona, Nixon N. Kemp Seaman 2/c U.S. Navy, Guam; Pfc. Homer M. Kemp, Germany; T/5 James S. Kemp, Aleutian Islands, one nephew, four neices, his aged grandmother Mrs. Martha Kemp, other relatives and a host of friends. He will be sadly missed in the family circle.

Bible records and obituaries on the McDonald, Myers, Steinberger, Perkins, and Kemp families were submitted by R.C.G.S. member Lurye Emig, 1000 Lenox, Hutchinson, KS 67501.

A FAMILY TREE

I think I shall never see
A thing so involved as a family tree.
A tree whose myriad boughs are spread
To include the living and the dead.
A tree whose roots are imbedded deep
Before this sap began to creep.
A tree whose branches will multiply
Many times before I die.
Though too complex for a being like me,
I'm glad I'm part of a family tree.

SOUNDEX®—QUICK AS A FLASH TO FILE AND FIND

All "name" records originate from handwriting or speech. When filed alphabetically names are arranged in sequence according to exact spelling, therefore dependent upon the accurate interpretation of the spoken or handwritten name. Conversely when filed the Soudex way, varied spellings of the same name or misinterpretations of the handwritten or spoken name are brought together in ONE file location. The Soudex coding system reduces name filing to the use of ONE alphabetic letter and a three digit code number. With Soudex the first letter of a surname or company name is NOT coded. The names are arranged in 26 alphabetic sections; B for Bayer; H for Harrison; S for Schneider. Within each of the 26 letter sections, Soudex filing employs only six groups of consonant letters. Each of the six groups has a code number used for filing. The number applies to each letter in the group.

Group Letters and Equivalents	Code Number	How the name HURD is coded	Variations of the name HURD—ALL Coded H630
b f p v	1	H is the first letter not coded alphabetically	Hurt Hurtt Hirt
c g j k q s x z	2	u is not coded	Heard
d t	3	r is coded 6	Herd
l	4	d is coded 3	Hert
m n	5	Zero "0" added to complete 3 digit number	Herd Herd Herde
r	6		

The vowels a, e, i, o, u and 3 consonants—h, w, y have no number equivalent and are NOT coded. Zero (0) is used to indicate no consonants following first letter.

Example: Day D 000; Shaw S 000 or to complete a 3 digit code number.

FIVE SIMPLE RULES FOR CODING

Rule No. 1—To code a name use three digits. When no consonants or insufficient code consonants appear in a surname or organization name, add one, two or three zeros to give a three digit code.

Darlington is coded D645
(3 consonants only).

Touhey is coded T000
(no coded consonants add 3 zeros).

Rule No. 2—Two letters together (double letters) are considered as one letter (single letter).

Abbott is coded A130.
Kelly is coded K400.

Rule No. 3—Consider any combination of two or more equivalent letters TOGETHER as having the same number as a single letter. Biggs coded B200.

McCarthy is coded M263.

Rule No. 4—When the first (initial) letter is immediately followed by the same letter or one or more of its equivalent letters (no separators) with the same code number the letters are considered one first letter and not coded.

ONE RULE FOR FILING

The records are sorted and filed alphabetically by the first letter. After coding the names, the records are sorted and filed in numeric sequence 000 to 656 for each of the 26 letters of the alphabet. The records are then arranged alphabetically between two numeric guides, by first name initial; or first name; or first name and middle initial; or the second unit of an organization name.

Researching the 1900 U.S. Census

(Summary of talk presented by Mrs. Lamar Ratcliffe at the October RCGS meeting.)

The 1900 US Census, not yet available for loan or rental, can be researched at the Regional Archives Branch of the Federal Archives and Records Center, 2306 East Bannister Road, Kansas City.

The research room, in which there are a limited number of film readers, is sometimes used for classes, so it might be advisable to call before making the trip to Kansas City. Telephone Area Code 816, 926-7271 and ask for the Archives extension.

The Archives and Records Branch is in the last building (going east) of the big GSA complex. Parking space is available. Hours, week days, are 8 to 4. There are no charges.

Not all the 1900 schedules have been received by the Kansas City Branch, this date, Nov. 1975. They do have all from Alabama through Maryland, and all of New Mexico and North Dakota, and parts of other states. Much more is expected to be available before 1976.

There are some restrictions on the use of the 1900 schedules:

1. Access to the schedules may be granted only if a genealogical researcher provides evidence of his family connection, or the authority pursuant to which he is acting. Example: "I authorize _____ to search the 1900 Census for data on my families, surnames _____, _____ for me." Signed _____.

2. A researcher will be furnished only one roll of 1900 film at a time, and will sign a form for each roll issued. The roll will be returned directly to the search room attendant.

3. No zerox or camera reproduction of any material is allowed. The researcher can make notes.

The 1900 Census is indexed by soundex. This is a fast system. If you are not familiar with the soundex system, the research room attendant will assist you. The index is by state. If you are not sure of your state, several likely states can be researched quickly.

The personnel at the Branch Archives and Record Center on Bannister Road, Kansas City, were found to be friendly and cooperative.

(See sample Soundex cards, page 61.)

Information Available from the Bureau of Census Pittsburg, Kansas

(Summary of talk presented by Mrs. Lamar Ratcliffe at the October RCGS meeting.)

The Bureau of Census, Pittsburg, Kansas, has the US Census schedules from June 1, 1900 to and including those taken in 1970. All are on microfilm.

The Bureau also has a large library of old city directories for use in locating street addresses.

The Bureau is a self-supporting organization, with around 170 employees. Consequently there is a charge for every piece of information. In addition, all information is protected by the US government's "privacy" laws.

No information is given without the APPLICATION FOR SEARCH OF CENSUS RECORDS, Form BC-600 being filled out and money and proper authorizations attached.

The forms may be obtained by writing to U.S. Department of Commerce, Bureau of the Census, Pittsburg, KS 66762. For a fee of \$7.50, you will receive an official form that gives the following information: Year of the Census, day and month taken, District, County, State. Your name, relationship to the head of the household, age, place of birth, citizenship, and a statement "enumerated in the family of . . ." Only the name of the family, nothing else.

If you desire more genealogical information and send an additional \$2.00 for each name, accompanied by the written authorization from each person about whom you desire information, or death certificate if the person is dead, you will be sent the full schedule.

However, if there is no written authorization from a brother or sister, for example, that brother or sister will not be mentioned in any way on the schedule -- just as if he or she had never existed.

A trip to Pittsburg, Kansas, to visit the Bureau of Census is unproductive, genealogically speaking. However, the personnel are very cordial and will spend time explaining the system and showing you around the plant. It is an interesting and educational tour.

"I'm beginning to wonder if I was really born, and if so, was it worth it? I understand that the census taker catches everybody, but my folks must have gadded around too much." (Excerpt from a letter by a man who was not found in a search of census records.)

HOW TO IDENTIFY OLD PHOTOGRAPHS

(From a talk given by George Davis, Wamego, KS)

No photographs were made before 1839.Daguerrotype -- 1839 first made

1840-1850's most popular years

Description: A picture on a silver coated copper plate that has been polished to a mirror-like finish, covered with a glass plate and mounted in a fancy hinged case. Sometimes slightly tinted.

Characteristics: Shows mirror-like surface; as the picture is turned through various angles, the image will sometimes appear or disappear. Common size 2 3/4" x 3 1/2" but may be 2" x 2 1/2" to 6 1/2" x 8 1/2".

Ambrotype -- 1854 first made

1856 to 1857 most popular years, but made until about 1880.

Description: a thin negative on a glass plate, backed up with some black material to make a positive picture. Usually mounted in the same type case as a Daguerrotype.

Characteristics: The image will never disappear as it will in the Daguerrotype, but at certain angles to the light, it will appear as the negative that it really is.

Ferrotypes or Tintypes -- 1856 first made

1854 through 1866

most popular years, but made for many years after that. The painted backdrop first appeared during the Civil War period.

Description: Essentially a negative on a black metal plate. Frequently mounted

in the same type of case as the Daguerrotype and Ambrotype. Sometimes slightly tinted. The small ones were sometimes mounted in pins, rings, or brooches.

Characteristics: No clear white parts, clear spaces are a light grey. Made on black metal. May be any size from 7/8" to 2 1/2" x 4".

Note: As all of the above pictures were mounted in same type cases, the surest test is to remove the picture from the case. If it is polished silver on a copper back, it is a Daguerrotype. If it is a glass negative, it is an Ambrotype. If it is on black metal, it is a Ferrotype or tintype.

Cartes de Visite -- Visiting Cards

1854 first made

1850's to 1866 most popular years

Description: A brown paper print mounted on a cardboard mount. Frequently has the photographer's advertisement on the back. Size of mount 2 1/2" x 4".

Characteristics: Brown color. Uniform size. Otherwise much like an modern photograph.

French royalty started the fad by having their names printed on the face of the picture and using them for visiting cards, and as mementos for birthdays, weddings, and other occasions.

Millions of these prints were made from the mid 1850's and 1866. The brown color was obtained by toning the black and white print with a gold chloride solution, a process which is still in use.
