FROM YOUR PRESIDENT

My goal as your president is to lead our society to as great achievements as have been accomplished in the past two years. This will be difficult because great strides were made under the leadership of Virginia Chatelain, George Ward, Lyle Dixon and Evelyn Brown.

My main aim is to have a library where we can have all our material together and yet have room for all who wish to study, and space for books we purchase. The executive board is working hard at finding a suitable location, with the historical museum still a prime possibility. Virginia Chatelain is in charge of moving arrangemtns and will need your help when the time comes to move.

Please call me about your ideas for improvement of the Riley County Genealogical Society. Let me know what kind of programs you wish for our meetings and what services we can offer to be of help to the membership. Encourage interested persons to become members.

The original material from PIONEERS OF THE BLUESTEM PRAIRIE has been xeroxed and we now have a beautiful file on early settlers of this area. There is much material we were not able to use in the book. Alice Soldan is in charge of our archives and has the file in her home. We are continuing to collect biographies of early settlers of our seven-county area. If you know of people who wish they had gotten their family in the book, encourage them to fill out forms and turn them in for our archives. Perhaps some day we will have a volume II.

With all your help we will be able to have a larger library, larger in space to study and larger in material. If you have exchange bulletins or books that you will loan or give to the library after we move, please call Golda Sitz and give her the names of such material. We will soon be ordering new material and do not want to order duplicates.

Let's make 1977 and 1978 the years of growth, growth in space, growth in our archives and study material, and growth in knowledge.

Elaine Olney

RCGS Honors Pittman

In December 1976 Laurene Pittman completed 12 years on the board of the Riley County Genealogical Society. She was treasurer for 9 years, one of those concurrently with her two years as president, and then she was on the board two more years as past-president.

When she completed her term as president, the Society asked her to choose a genealogical item which would be placed in the library in her honor. She chose the microfilm censuses for 1865 and 1895 which include Riley County and these are now in the library.

Laurene served as the first president of the Kansas Council of Genealogical Societies and is currently serving as query editor for KANSAS KIN and has also agreed to serve as assistant genealogist.

Vital Records, Pottawatomie County

Mrs. Gerald Pinnick (Merrie Mayhew), Mrs. A. F. Janssen (Mildred Pflum), and Mrs. Howard Hladky (Irene Hladky) are copying and alphabetizing the Vital Records of Pottawatomie Co.

Ohio Bicentennial Project

The Ohio Genealogical Society had a Cemetery Checklist Project to publish a list of every known cemetery in the state of Ohio by county and township. The OHIO RECORDS publication joined with the Society in publishing many of the records during the past year. Volume XVII, No. 4 includes an index of names included during the year 1976.

From Our Genealogist

Dear Elaine and R.C.G.S Members:

I planned to write a thank-you before I left, but there were so many things to be done. I would like to be present at the January meeting to thank the members of RCGS for their very generous Christmas gift of $103.50.

My first thought was what books should I buy. In December I read in my national Genealogical Society newsletter that a small group were planning to go to Belfast in April or May for research. I mentioned it to my sister -- she told Dorothy, and then the whole family insisted that I go.

Of course the gift from RCGS will be much appreciated and used for something I have wished were possible for many years. The person organizing the group of 12 was in Belfast last August doing research on her family.

I plan to be home from my sister's by the middle of February. Sincerely, Grace Woldt

New Members — and Old

Turn in your Ancestral Charts to Earl H Teagarden if you have not done so. He maintains a card file of the names of all known ancestors of each member of RCGS. Checking the file may give you leads for names in your own ancestry.

Take time to look at the State Notebook in our library at 908 Kearney. Each member writes his name and places in which he is interested under each state. In this way members can share films and other source material with others interested in the same area.

While you are doing research on your family, you may discover information which will help others. If so, please give it to any member of the staff of Kansas Kin

JAMES "JIM" SMITH

(PIONEERS OF THE BLUESTEM PRAIRIE, RCGS's 1976 publication, was not all inclusive for it was impossible to contact descendants of each pioneer in the 7 county area covered. The following biography was not included in the book but was recently written by a member, Norman L. Roberts, Jr., from data received from Rollin J. Smith and from news articles from: the Kansas Historical Society newspaper files; Topeka Daily Capital and Journal; Lawrence Journal World; Marshall County News; Iola Reporter; and Leechburg, PA., Advance.)

James Smith, son of John Smith, was born at Neslimnehan, County Tyrone, Ireland and emigrated to America soon after the Revolution. He was about 20 years of age and came on the same ship as a Walker family.

Robert Walker was born at Letterkenny, Ireland in 1750. He was a farmer and fuller who had married Jane Miller and they had a daughter, Mary Ann, perhaps two years old, when they emigrated to America. Mary Ann, tradition states, was nursed and amused during the three month's voyage, by James Smith and later married him at St. Thomas near Chumbersburg, Franklin County PA.

James and Mary Ann had four children, of whom Robert married Sarah Wray (dau of Robert and Abigail (Manners) Wray, Jr.). Robert and Sarah had ten children, the eldest being the namesake of his emigrant grandfather. This James Smith is the theme of this story of a Kansan of outstanding personality.

James Smith was born 29 July 1837 at Eldersridge PA, one of nine brothers and a sister in the older branch of the family and by a second marriage the elder Smith had four additional children. Seven of the brothers and the father served in the Union army.

"Jim" Smith was educated in the public school at Olivet, Eldersridge Academy and Jefferson College at Canonsburg PA, where he was a member of Beta Theta Pi. He studied medicine under two doctors before giving it up "at the excitement and settlement of the territory of Kansas Free Soil advocates." At its height "Jim" could not resist the slogan of the day, "Westward the Empire takes its way." He had been teaching school a year or two in Mississippi on plantations of wealthy southerners.

"Jim" came to Kansas in March 1860 with his brother Robert and a neighbor, Alford M. Bell. Leaving his father's home with supplies from the family store, they traveled by oxen team and boat to Atchison, then to what is now Barrett in Marshall County KS. A year later when the Civil War was declared, "Jim" went to Leavenworth, enlisted in the 7th KS Cavalry. He was later promoted for meritorious service and made the Regimental Quartermaster. July 1865, the 7th Regiment Kansas Volunteer Cavalry was ordered to Fort Leavenworth KS and mustered out after traveling 12,000 miles.

"Jim" and Robert had taken up land on the Vermillion River in Marshall County where "Jim" returned, and where brothers George and William were also residents. On 23 Jan 1868 "Jim" Smith married Jane Edgar, dau of Thomas and Patsy (Roundtree) Edgar, who had come from Galesburg IL by oxen team. They had three children: Mary, Clarence, and Ida. Mrs. "Jim" Smith died in 1932.

After returning to Kansas, "Jim" served one term as a member of the Legislature from Marshall County and was hung in effigy at Marysville, because he had voted against the selling of 100,000 acres of Kansas school land to the St. Joseph and Denver Railroad. He served four years as clerk of Marshall County, three years as County Treasurer ; from 1878 for six years, he was the first Kansas Secretary of State, followed by eight years as private secretary and confidential advisor to the Governor of Kansas. "Jim" also served four years as Quartermaster General of the KS National Guard. He retired at his home in Highland Park in Topeka and died there on 28 May 1914.

Many other events in "Jim's" life would augment the character of this man. "Once coming east from Memphis, Tennessee, with a government supply train, a large force of guerillas fired upon the train with "Jim" and a soldier of another regiment riding on top of a box car. The strange soldier was hit and toppled over and slid toward the edge of the car, but "Jim" disregarded personal danger and seized the stranger and held him until the engineer snatched the train out of range. The poor fellow was dead." From article: To the Editor of the Capital by S. M. Fox.

In Marshall County everybody knew and loved him, so that when he became a candidate for state office, "no vote in the county was against him."

"While serving in office as Secretary of State, he helped save $174,000 for the State of Kansas."

Tombstone Rubbings

If names or dates on tombstones are difficult to decipher, try making a rubbing over the area. These items are needed: Masking tape, black (or brown) finishing wax, and good quality paper. The finishing wax may have to be specially ordered from a shoe repair shop.

Make smooth even strokes. Light ones can be darkened later.

Answer - The Montague Cemetery was in NE¼ SE¼ Sec 19-11-5 in Geary Co on the farm of George Montague. In 1964 the U.S. Govt took the land for the Milford Reservoir and moved the six graves to the site of the new Milford Cemetery, marking them "unknown." From census records we know there were at least three grandchildren who died young.

KK15-4 JAMES, HUMPHREYS - Robert Francis JAMES b 1839, d 31 Mar 1894 Cato, Crawford Co, KS, m 15 Dec 1871 Morgan Co, IL Elizabeth HUMPHREYS. Samuel Levi JAMES b 1889 Cato said Frank and Jesse James were relatives. How? Where can I get birth places and parents of these people and the 1880 and 1890 census for KS? Mrs. Virginia James Buttrey, 5533 W. 6th Rt 2, West Branch, MI 48661

Answer - The 1890 census was burned in 1921. The 1880 KS census is on microfilm available on loan from the Federal Archives and Records Center in your area, on microfilm to be read in the KS Historical Library in Topeka, and a set of the original books is in the DAR Library, Dodge City. The 1880 census shows the state of birth of the persons enumerated and the state of birth of their father and mother. The 1870 census of Morgan Co, IL may show the JAMES and HUMPHREYS fam, giving a clue to their parents' names. The 1870 census is available in the first two places listed above. Southeast KS Gen Soc of Crawford Co, c/o Pittsburg Pub Libr, Pittsburg 66762 may be able to help you with 1880 census, cemetery records and obituaries.

KK15-5 QUIMBY, KNOWLES - Hiram Henry QUIMBY b Jun 1856 Marietta, OH, d 1932 Lane Co, OR, m 1880 Coyville, KS Nina Susan KNOWLES b 30 Aug 1861 ?, d 12 Feb 1951 Lane Co, OR. I can't find Coyville on a map and would like to find some family info for a gravely ill father-in-law. Mrs. Betty Quimby, 75930 London Rd, Cottage Grove, OR 97424

Answer - Coyville is in Wilson Co. Heritage Gen Soc, P.O. Box 272, Neodesha, KS 66757, in Wilson Co, has indexed that 1880 census. Also try for land records and a plat map from there. Your St Board of Health has death certificates since 1903 which should give the names and states of birth of the parents of Hiram and Nina. Some Historical Libr have the old newspapers containing obituaries, etc. The 1860 Washington Co, OH census microfilm can be borrowed from the Federal Archives and Records Center for your area. Look for 4-year old Hiram with his parents.

OVERLAND TO OREGON IN 1852

June 17th we encountered a terrific hail storm. Hail, larger than pigeon's eggs, fell until the ground was covered to the depth of a foot or more. But our experience was like that of an old lady who said she had noticed that snows falling at a certain stage of the moon in June never lay long. So with us. With the sun at its northern limit, it was HAIL and farewell. -- *Reminiscences*

GENEALOGIST TO IRELAND

The dream of a lifetime came true this month for Grace Woldt, genealogist for the Riley County Genealogical society, who went to Belfast, Ireland, May 14, with a small group of genealogists.

Because a grandmother had been born in Belfast, she had many family records to use as a basis of her research there. The group had the privilege of doing research in the Public Records Office of Northern Ireland, the Register of Deeds office and others.

In addition to research, the group planned to visit the Balik china factory on one of several sightseeing trips. They were to be received by the Lord Mayor of Belfast, be the guest of the High Sheriff at a music festival, and attend the Ulster Historical Foundation reception.

Before leaving the States, Grace visited her brother in Boston, and upon her return with the group will spend some time in Washington D.C., doing research in the Archives, and visiting a nephew.

Martha Montgomery at RCGS Workshop

Martha Montgomery, editor of the Illinois State Genealogical Quarterly, was guest speaker at the RCGS Workshop May 3. Approximately 90 attended, including two from Coffeyville, and a number from Topeka and other areas of Kansas.

Miss Montgomery covered the history of the migrations from the east coast, including the early trails, methods of travel, reasons for moving, and on how to do research in various counties in Illinois and Ohio.

In addition to giving those at the workshop a number of maps and library information, she presented RCGS with the book, HISTORY OF MACON COUNTY (Illinois), 1976.

Thebook was a bicentennial project of the Macon County Historical Society. This is the sixth history of the county, the first having been published in 1876.

Earlier histories were used in the research, but all ofthe sections carried the history to the present. The 61 chapters cover the life in the county from pre-Indian times and the arrival of the earliest settlers in 1824, to the gold seekers, waterworks, education , and in Chapter 61, the flora and fauna of the county. It concludes with the county's 1830 census, and an index.

RCGS appreciates the privilege of having Miss Montgomery conduct the workshop, as well as the materials and book she gave us.

YOUR FAMILY TREE, 414 Montgomery Street, Hollidaysburg PA 16648 is a quarterly specializing in Pennsylvania genealogy and history.

GOODNOW BARN

NEW HOME OF RCGS LIBRARY

Goodnow Barn Looking Northeast from Stone Post Road With Carriage House in Background

" A claim that will furnish a good site for the C(ollege) -- a hard day's work, but I hope a profitable one."

So recorded Isaac Tichenor Goodnow in his diary in April 1857, when he and Samuel Dexter Houston were able to purchase land for Bluemont College.

Similar feelings are ours now that permission has been granted for the Goodnow Barn to house the Riley County Genealogical Society's Library. It is fitting that the barn of this pioneer promoter of education should be the future home for our library.

We are all excited about the challenge before us as we attempt to open for the public an organized, well-staffed center for genealogical research.

At the same time we reflect on our appreciation to Grace Shaw Woldt for having shared her home and library with us for these past 16 years. It is because of her generosity and guidance that we are now in a position to expand.

We need everyone's help in making this move and also in staffing the new library. Present plans are for the library to be open five times a week, but we will be flexible to meet demands.

Donations or loan of books or exchanges will always be welcome additions to our library. Remember that all gifts to the RCGS library are tax deductible.

A new method for purchasing books has been started. If you wish to purchase half a book for the library, RCGS will purchase the other half. Check the lists of needed books, and make your selection. This is a good way for you to give to the library and to benefit your own research.

If you wish to loan donate, or purchase items for the library, call Golda Sitz or Mildred Loeffler.

We must express our gratitude to the Kansas Historical Society for opening their doors for the RCGS Library. Secretary-Executive Director Joseph W. Snell has been most cooperative in bringing about this agreement.

Watch the Manhattan Mercury and listen to KMAN for news about our opening date and the hours the RCGS Libary will be open.

-- Elaine Olney, President RCGS

The barn is part of the historical development of Pioneer Park on Claflin Road. Also included on the site are the Goodnow House Museum, Hartford House, and the Riley County Historical Museum. Goodnow House is registered as a national historic site and is owned and operated by the Kansas State Historical Society. The barn has been restored in the recent past as a visitors center and was partially funded by a grant from the National Park Service.

BOOK REVIEW

KANSAS PIONEERS--a hard cover, 405 page (including index) volume of stories and family histories of Kansas pioneers, compiled and published by the Topeka Genealogical Society, Topeka, Kansas, as its Bicentennial project. Price per copy is $15.00 plus sales tax to Kansas residents of $0.53.

KANSAS PIONEERS contains a collection of material which might otherwise remain unknown, shared and lovingly written by the descendants of early Kansas families. The project, as originally planned, was to relate only stories of early Shawnee County settlers, but such enthusiastic interest was shown by contributors, that the volume now includes historical sketches from over eighty-two Kansas counties. Many pictures accompany the text and enhance the beauty and value of the book.

This is delightful reading and the Topeka Genealogical Society is to be commended on its thoughful and respectful handling of these stories in order to give us a personal awareness and appreciation of our early Kansas history.

RCGS Library in Goodnow Barn Now Open

Festive dress, country music, and lemonade marked the opening of the Riley County Genealogical Library in the Goodnow Barn July 1 as two hundred people viewed the new facilities.

The committee of Mary Roberts, Katherine Geyer, Agnes Chartier, and Miriam Dexter, and their sub-committees did a royal job, and a gala time was had by everyone.

On July 2, 1977, our library opened its doors to the public, and during the first month of operation over 200 patrons eagerly studied their ancestors.

The Library is staffed by these able volunteers: Roberta Albrecht, Evelyn Brown, Virginia Chatelain, Miriam Dexter, Alice Duncan, Agnes Elzinga, Stella Frey, Jean Hieronymi, Mary Joerg, Dorothy Keen, Helen Kershner, Louise Lanning, Mildred Loeffler, Golda Sitz, Dorothy Thummel, and Grace Woldt. Substitute helpers are Irene Bailey, Louise Brown, Laurene Pittman, Ruth Ratcliff, Helen Roberts, Alice Soldan, and Ruby Williams.

There is no way to thank everyone for their generous contributions, both in time and for books and furnishings. Everyone has given freely to supply the library, and many have worked endless hours to organize and prepare for the opening.

Mildred Loeffler is the quiet, behind-the-scene organizer, as she prepares records on all books purchased, donated, or loaned. Evelyn Brown and Golda Sitz have helped in everyway possible, never saying no to any job.

Do you know who laid the carpet, helped put together the shelves, made the beautiful cabinet behind the door and also the table for the microfilm reader, added shelves to the antique wardrobe donated by Mr. Fenton, and single-handed made parts to fix a discarded "Recordac" microfilm reader? We owe a very big vote of appreciation to Earl Sitz!

We have so many new books that we are going to print a special newsletter to tell you about them. In the meantime, come brouse in our new Library!

Books are arranged by state, but look also in the neighboring states, as many books overlap regions. There is a special section at the end of the states for regional material. This is where you will find books on New England, the South, etc.

Also, there is a general section at the south end of the room with books on foreign research, war records, family genealogies, surname indexes, and many fine books on "How to Do" Genealogy. Speaking of war records, please don't miss the new five-volume set of pensioners of 1883 which lists all pensioners living at that time with their pension number and place of residence.

Do not overlook our exchange periodicals which now number over 100. These are usually located on the shelves for the state where the publication took place, and you may check out the bound volumes for a week at a time. Recent issues are on a shelf near the door. There is no better way to lear n the business of genealogy than by studying these magazines.

Don't just study ones from your particular state -- I once found a New York great grandmother in a California periocical. Do some serious digging in these magazines, and I assure you that you will come up with many new clues -- and new ancestors, too.

See you at YOUR library!

Isaac Tichenor Goodnow

Isaac Tichenor Goodnow was a persistent man with a good "natural head" for business. After teaching for nearly 20 years in the academies of Massachussetts and Rhode Island, he became interested in insuring the admission of Kansas as a free state. So at 41, he resigned from the staff of the Provicence Seminary at East Greenwich, Rhode Island, in January 1855.

He spent three months in writing letters and organizing a group under the New England Emigrant Aid Society. With his party, he arrived at the junction of the Big Blue and Kaw rivers the following March.

He soon found that Col. George S. Park had a townsite called Poleska and Samuel Dexter Houston of Ohio and four of his friends had another called Canton. Goodnow decided to stay anyway, and the three groups combined to form the Boston Town Association.

One of the earliest discussions of these me nwas about organizing a college, but "first things first," and it was two or three years before the Methodist Church decided to help and a committee was appointed to start a college. Meantime, the steamer Hartford brought a group from Ohio and points west,and the settlement's name had been changed to Manhattan.

Although neither Goodnow nor his wife Ellen Denison was in good health, Isaac spent many hours helping to get the community, the Methodist church, and the College functioning. He was the representative of the New England contingent on most of the committees that did the planning.

Goodnow was a prolific letter writer in the interests of obtaining settlers who would support the free state cause, and in raising funds for both the Methodist church and the proposed college. He made frequent trips east to raise funds and to sell land in the new town.

Goodnow and Samuel Dexter Houston, who both served in the legislature during these years, worked hard to get the legislature to approve a state university for Manhattan, but without success. Bluemont Central College opened in January 1866 with Goodnow as teacher and temporary president. Then the Morrill act was signed 2 July 1862, and Houston went into action at once. This time they were successful, and Bluemont Central College, as Kansas State Agricultural College, became the first Land Grant College in the United States. Rev. Joseph Denison, brother-in-law of Goodnow became president.

Isaac T. Goodnow became State Superintendent of Instruction in 1863. He became the first president of the Kansas State Teachers Association, which he helped found, in that year. Goodnow served two terms as State Superintnedent, then devoted his time to being a land agent to sell 90,000 acres of college lands (until 1873). In 1869 he moved to Neosho Falls as land commissioner for the Missouri, Kansas and Texas Railroad. When he retired in 1876, he had sold $1,500,000 of railroad lands. He returned to Manhattan where he died 20 March 1894.

RCGS Secretary Pat Hook (Find Grandpa in the Goodnow Barn), Genalogist Grace Shaw Woldt, and Vice President Mary Roberts.

Although Isaac was the only politically active member of his family, he was not the only one who came to Kansas. Rev. Joseph Denison and his wife (Isaac's sister) came with Isaac. Brother William and sister Lucinda (Mrs. William E. Parkerson) came later the same year. Lucinda died in 1857. The Goodnow's raised her daughter, Harriett Arma Parkerson, but Lucinda's husband and other daughter moved on. Some years later, Isaac's mother, Mrs. Solomon Whitney, and his half brother Solomon Whitney Jr., with his family, came to Manhattan. They are all buried in Sunset Cemetery, as is William Goodnow's wife, although she never lived in Kansas.

The Goodnow family was originally from Donhead, St. Andrews, of Wiltshire, England. Three sons of Ursula and Thomas Gooynow (d. 1617/18)-- John Goodenowe, Edmund Goodenow, and Thomas Goodenowe with their families and a sister Ursula migrated to Sudbury, Massachusetts in the ship Confidence our of Southampton in April 1638. According to the will of Thomas Goodynow Sr., other children were Simon, Ralph, Nathaniel, and Dorothy.

Isaac Tichenor Goodnow was descended from Edmund and Anne Goodenow (Capt. Edmmond[1], Joseph[2], Daniel[3], Jesse[4], Isaac[5].

Genealogists Start Classes

Genealogy classes will be offered this fall for beginners and intermediates at the RCGS Library at Stone Post Road by Grace Shaw Woldt (I.G.R. 1954 ,1965) and Laurene Pittman, RCGS genealogists.

The first classes will be held the second Wednesday of September, Sept. 14, and dates for the October and November meetings of the two classes will be set at that time and announced through radio and newspaper releases.

The Beginners class will meet at 1:00 p.m. and the genealogists will instruct beginners in the use of basic charts for recording their families and in the use of the library.

Data sheets covering the material discussed in each class will be given out.

In the spring, the genealogists will offer Advanced classes for research, including special problems in vaious states. A class for evening or weekend will be started if requested by 10 members.

POTTAWATOMIE CO. RECORDS AVAILABLE

Three RCGS members - Irene Hladky, Mildred Janssen and Merrie Pinick - have been copying many records in the counties of Pottawatomie and Jackson in KS. From the Pottawatomie County courthouse at Westmoreland, they have copied from the earliest records of Oct 1884. The birth records give the child's name plus the parents names. The marriage records give the parents of the bride and groom including the maiden name as do the birth records. These two have been copied through 1890. The death records were copied through 1911 and give much information including parents and cause of death.

They have copied the following cemeteries in Pottawatomie County: Emmett - Holy Cross Catholic; St. Marys - Mt. During the thunder shower last Saturday morning the residence of Geo.W. Duncan was struck, the current passing down the stove pipe and through the floor by way of the two back stove legs. Mrs. Duncan had just left the stove, and Mr. D. was sitting in front of the stove with his two children on his knees telling them a story. The damage was nothing more than a few holes through the stove pipe, though George says that it caused him to feel "considerably shuck up like."

A week ago Saturday the Rev. Mr. Cox, in going to Blue Rapids, drove into the Black Vermillion and drowned his horse, though he succeeded in saving himself by swimming. Persons should be more careful driving into deep water, especially her in Kansas.

EVANGELICAL UNITED BRETHREN CHURCH of Leonardville, Riley County Kansas

The source of this information is an excellant Church history written in the beginning in neat German script. Recently a history written in English has been compiled. These records are kept safely in a vault in the church.

"Riley County Kansas" by Winifred N. Slagg includes nearly twelve pages on Leonardville including it's four churches.

The cemetery readings from the Evangelical United Brethren Cemetery south east of Leonardville were published in the May 1966 issue of Kansas Kin. The Readings from the Leonardville cemetery were published in the February & May 1977 issues.

The present Leonardville United Methodist Church is the result of nearly 100 years of church organization localy and the merging of local and national church groups, namely: the merging of Zion Evangelical Church of Leonardville and Mill Creek Evangelical Curch in 1921. The 1946 merging on the National level of the Evangelical and United Brethren churches to form the Evangelical United Brethren. The 1968 merging on the national level of the Evangelical United Brethren and the Methodist Episcopal churches to form the United Methodist Church.

The history of the Evangelical Church of Leonardville begins in 1880 when Christian Hoch, a farmer living south east of Leonardville, went to Winkler Mills to have his grain ground. There he met the Rev. Wm Heiser. Mr. Heiser was invited to the Hoch home to baptize the two children, Christian and August. When he arrived the house was filled with interested people and he preached a sermon. This gathering formed the nucleus of the church to come.

Later in the year 1880 the Evangelical Church was organized with the Rev. Wm Heiser as paster. The "First Class" membership consisted of: Martin Gravenstein & wife; Reinders T. Nanninga & wife Geelke; Lucas Buss & wife Marie; Jacob Benninga & wife Greitje; George Buss & Derk Buss.

The early membership of the church was made up of German settlers. The church services were conducted in German until 1914 when English was introduced for some services. In 1918 German was discontinued completely.

1881 Winter-The Swede Creek Evangelical Church held a five week revival. Many from the Leonardville area were converted and became members of the Leonardville Church.

The Rev. J.F. Schreiber minister.

1883 German brethren, members of the Evangelical Church conducted nightly revival services in the Erpelding Hall.

1884 The Rev. Wm Heiser returned.
5 March- at a meeting in the G.R. Nanninga home it was decided to build a church. $700 was secured immediatly.
11 March - election: Trustees; G.R. Nanninga,Henry Dicrolph, Jacob Benninga, Juergen Nanninga. Building Committee: Rev. Heiser, G.R. Nanninga and M. Gravenstein. A lot purchased from Mrs. Thompson. This is still the church location (1977)
The Church 28'X44' was erected. Cost $2,121.
Dedication of the Church as the Zion Church of The Evangelical Association.
Rev. Heiser was killed by a runaway of his team.
Rev. E.E. Evans became interim minister.

1885 - A Sunday School was organized with Derk Buss as superintendant. Prior to this time Reinders Nanninga and Lucas Buss conducted bible classes and taught little children to read the German language.

Answer — The 1880 Soundex is an index of the fam in the 1880 census who had ch in the household 10 yr old or younger. The book "Federal Population Censuses 1790-1890" pub by Natl Archives and Rec Service, GSA, Wash DC, tells how to buy a roll of microfilm that would contain all the fam in KS that sound similar to Birdlen. By noting the fam with a wife Rachael, 28-34 yr old, b in OH, and then checking the 1895 KS census for those co, Margaret Ann might be found with the fam.

WOLDT, PITTMAN ATTEND STATE COUNCIL

The annual meeting of the Kansas Council of Genealogical Societies was held June 18 in the Federal Archives and Records Center in Kansas City, MO.

Grace Woldt and Laurene Pittman were delegates and were given a tour of the building. They were told what records were available for researching and Reed Whitaker emphasized what the Federal mandate on holding down the budget could do to their services.

One of the Council newsletters will be mailed to persons who live in Kansas and belong to one or more of the 22 genealogical societies in Kansas. With the newsletter will be an offer of a subscription to the newsletters, so all members will be better acquainted with what is going on in genealogical circles in Kansas.

HONORING

EARL GILBERT DARBY

RCGS CHARTER MEMBER,

KANSAS KIN EDITOR,

AND RECORDS COPIER

1897 - 1977

Henrietta and Earl Darby

Earl Gilbert Darby, son of Carl Edwin and Elizabeth May (Cameron) Darby, was born 22 May 1897 at Beaver City, NB. He died 6 October 1977 at Manhattan, KS. He married 2 June 1923 at Manhattan, KS, Henrietta Antoinette Jones, daughter of Arthur Bentley and Anna May (Grimwood) Jones.

Earl led a full life of love for his wife, and their children, Ann (Mrs. William Ketterman), Louise (Mrs. Robert Boles), and Toni (Mrs. R. J. Nelson); and service to youth by teaching 18 years at Manhattan High School and 20 years at Kansas State University.

We know him best for the service he extended to the Riley County Genealogical Society. As a charter member of the Society, he was the founder of KANSAS KIN, and for 10 years from 1963 to 1973, was its editor and chief record copier of old records. Included are these:

Early Churches of Riley County, Kansas
People Born In or Coming From Ohio to Kansas as Enumerated in the 1875 Census
People Born In or Coming From Ohio to Kansas as Enumerated in the 1880 Census
Riley County Guardianships, 1866-1878
Sunset Cemetery (Old Section)
Alphabetical List with Census Data for Riley County -- 1855,1857, 1860, 1865, 1870, 1875, 1880, 1885
Alphabetical List with Census Data 1880 for Kansas Counties of: Brown, Clay, Dickinson, Ellsworth, Davis-Geary, Marion, Marshall, Mitchell, Montgomery, Nemaha, Morris, Pottawatomie, Wabaunsee, and Washington
Early Marriages of Riley County, Kansas
Hartford Times Query Section Index

These are all products of his energy. He made ditto copies and presented them to the Kansas State Historical Society, Riley County Historical Society, Riley County Genealogical Society Library, Riley County Historical Society, Coffeyville KS Library, and the state DAR Library. RCGS members will check this material for out-of-town members .

I first became really acquainted with Earl when he was indexing PIONEERS OF THE BLUESTEM PRAIRIE. It was a joy to take copy to him and visit about all his activities -- hooked rugs, antique trunks, grandfather clocks, and even wire art.

His life was always excitingly full and worthwhile. Some will remember Earl for his teaching abilities, some for his genealogical contributions, but I will remember him as one of the dearest and most fulfilled gentlemen I have ever known.

-- Elaine Olney

INCREASE IN DUES, AND OTHER RCGS NEWS

At the September RCGS meeting, the members voted a dues increase to keep pace with inflation. Dues for next year will be $5 for a single membership and $6 for a couple. It is still a real bargain, so support the RCGS and our library with your membership.

A choice of a book for our library was given to ill members: Earl Darby, Earl Sitz, and Grace Woldt. They were asked to choose a book that RCGS would purchase and donate to the library in their names. Earl Darby chose HISTORY OF WESTMORELAND COUNTY, PA by George Dallas Albert. Earl Sitz chose PAST AND PRESENT OF ROCK ISLAND COUNTY, IL, published by H.F.Kett & Co. Grace Woldt chose HISTORY OF ALLEGHENY COUNTY, PA, by Warner & Co.

Virginia Chatelain was asked to choose a book because of our appreciation for her lead-

ership as RCGS president form 1975-1977. She chose HISTORY OF GREENE COUNTY,PA, by Bates.

If you haven't come to the library recently, you have missed a real treat as the shelves are bulging and blossoming with new books just crying to be read. Don't miss the HISTORY OF OHIO, 5 volumes, by Charles B. Galbreath, and INDIANA, ONE HUNDRED YEARS OF AMERICAN DEVELOPMENT, by Charles Roll. Both sets are full of history and biographies.

Did you know we have a new book that lists all the surnames appearing in the 1790 census and indicates how many families of that surname can be found in each state having a 1790 census? This same book has a 1703 census for New York City. Look for it, and you will find many more treasures.

We are also purchasing about $1,000 worth of new census indexes. Let me caution you that no census index is perfect -- it is just a guide, hopefully expediting research. Always check the microfilm of the original.

Evelyn Brown is compiling a list by states of all the RCGS material in the library. This list in a 30-page booklet will be available for purchase when it is completed.

HAPPY RESEARCHING!

-- Elaine Olney, President

RCGS Grants New Life Memberships

The Riley County Genealogical Society has honored members who have contributed outstanding service to the organization with Life Membership in the society. This honor was recently bestowed on Earl and Golda Sitz and Earl and Edna Teagarden. Our sincere thanks to these members for their many years of service.

Golda has ably organized and cared for the periodicals and has done numerous other library chores for many years. She has also loaned her extensive library for our use. Earl has built a cabinet and table for the library, rebuilt a microfilm reader, and has been a very important person in establishing our new library.

Earl Teagarden was president of our society for seven long years (1965-72),and during that time Edna was assistant editor. Earl also has had complete charge of the file made from members' pedigree charts. He has made a 3x5 card for each person on all our charts and has filed them alphabetically, providing an excellent research tool.

Both Golda Sitz and Earl Teagarden were instrumental in producing our Bicentennial book, PIONEERS OF THE BLUESTEM PRAIRIE.

Researching in Riley County

Manhattan genealogists heard speakers from Riley county offices discuss information available at the October meeting. All are happy to help genealogists in their research, and the cost of copies is minimal.

Roxie Blankenhagen, Register of Deeds, said that is is possible to trace ownership of land through either a legal , geographic description or a general numerical index by names. Early general mortgage or chattel mortgages are valuable records in research. All old records (175 books) are now on microfilm, from which copies may be made for 10¢ per page.

Deeds for homestead are recorded some time later than the application for the homestead. Some patents are not recorded until many years later when land ownership changes from the family.

Wanda Coder, County Clerk, said that records since 1906 when the court house was built are complete but vary in quality. Ones from earlier years are not always available, perhaps because records seemed unimportant. Because people have had to verify ages for social security, the importance of accurate records is evident. The County Clerk's office has tax assessment rolls, showing acreages and land ownership, and some birth and death records between 1885 and 1908.

The District Court, West Section, formerly known as the Probate Court, is now in the Courthouse Annex, the old library. Diane Erbe, district court deputy clerk, said that all estate records,and probate and marriage records are microfilmed up to 1975. Indexed file cards make it simple to find information.

She showed a copy of the first marriage license recorded in Manhattan in 1955. She also explained that juvenile court and adoption records are not open to the public. She described the numbering systems used through the years. The new one, beginning in 1977, is state-wide.

Estate papers, as well as a will, are helpful in research, and may be checked in the file. When writing, request only those desired.Members were most appreciative of the information, and fine help of the County.

GOODNOW BARN -- A COINCIDENCE

Caroline Gray Clawley, Miltonvale,KS, one of our new members, has discovered that her ancestor, Roger Eastman, sailed from Southampton, April 1638, in the ship Confidence -- the same ship that brought Isaac Goodnow's ancestor, Edmund Goodenow.

Recording Chelander Funeral Records

Our archivist, Alice Soldan, is hard at work copying the old Chelander Funeral Home records. These records cover northern Riley County, and parts of Clay, Washington, Marshall, and Pottawatomie counties.

The information is important because not all graves have markers, and because some additional information is included, such as place of residence, church affiliation, cause of death, and pallbearers. Alice has completed copying records for 1894-1913.

Reporter, Louisville, 20 Sep 1877
Myers Valley Items

Cramer Vance has gone to Iowa.

Prof. Harmon is visiting friends in Topeka.

C. Falkenrich has bought the Fosgate piece of land for $700.

Myers Valley furnishes Westmoreland her teacher this session and doesn't know where she will get her own.

A seedy looking tramp, with a bridle and the remains of a cabbage head protruding from his vest pocket, passed through this neighborhood last Sunday enquiring the way to Louisville. Did you see him?

J. W. Smith's store house is nearly completed, and the event will be celebrated next Tuesday evening by a dance and supper. It will be the "boss" affair of the season. GAS

MORE ABOUT THE GOODNOWS

No effort has been made to identify all the relatives of Isaac Goodnow who did or did not come to Kansas. However, his niece Harriett Parkerson grew up in his home and her sister Etta lived in Manhattan all her life. Etta, the older sister is said to have worked in her Uncle William E. Goodnow's store at 1000 Leavenworth St. She married, at 23, Alvin Reynolds (his second wife) 2 February 1876. He was 48 years old. The 1880 census lists her as Juliette Reynolds age 27 with one son, William E. who was less than one year old. Another son Louis R. was born some years later, but he changed his name to Parkerson and graduated from Kansas State as Louis Parkerson. (He was living in Monmouth NJ in 1940). Etta died 12 March 1889 at age 36 years 5 months and was buried in Sunset Cemetery as Julia E. Reynolds. Harriett Parkerson (1855-1940) was wellknown in the community for many years. She also is buried in Sunset Cemetery.

Answer - The St Dept of Health, Div of Vital Statistics in Topeka has death cert beginning in 1911 that list the names of parents of the deceased. Thomas's obituary would be in the old newspapers in KS St Hist Soc in Topeka. This might give clues where to find him in the various Fed and St census records. IA took a census in 1856, KS took a census in years ending in 5, 1855-1925. His obit might give his wife's death date, otherwise you could send for her death certificate, then check her obit.

THE MONTAGUES IN KANSAS

From New Jersey, Pennsylvania, Kentucky, and Iowa to Fort Riley, Pawnee City (home of first capitol of Kansas), and a home in Davis (now Geary) County.

Written for the Kansas State Historical Society by George W. Montague, Arlington, OR, in 1905.

"My father, George Montague, was born in New Jersey in 1810, served an apprenticeship of seven years at the cabinet-maker's trade, and then went to Philadelphia, Pa., where he entered school and completed his education. He was married to Miss Jane Jones on the 14th day of February, 1830, by Rev. Nicholas O'Donald, and soon after marriage moved to Pittsburg, Pa. Here their first child was born, and they called him John Bradley Montague.

They next moved to Louisville, Ky., and not finding work at his trade he went to work in a soap and candle factory and continued at that business until he learned the trade, and then moved to Maysville, Ky., where he set up a factory for himself and did a very large business. Here he also dealt in ice, and was one of the city council. At Maysville several more children were born, including the writer. He remained there until 1843, when he sold out and moved to Iowa, settling in Van Buren county, which county he represented in the first Iowa state legislature, serving for the years 1846 and 1848, two sessions. While in Iowa he bought and sold several farms. He was also a justice of the peace in Van Buren county. During the gold excitement in California in 1849 he hitched up two yoke of oxen to a linchpin wagon and in company with two brothers, Obadiah and Austin Akers, crossed the then almost trackless plains to that state in search of the precious metal, being gone on that trip three years, enduring all kinds of hardships, and returning to Iowa in 1852, broken down in health and not rich in pocketbook.

In the spring of 1855, Mr. Montague again hitched up two yoke of oxen, tied a cow behind the wagon, and with his family started for Kansas, crossing the Missouri river at Weston and arriving at Leavenworth in the latter part of June without incident, excepting that one night he accidently lost his pocketbook, and after a long hunt next morning concluded to rake over the ashes of the camp fire, and found the gold and silver very black but not seriously injured.

Leavenworth was then a very small town. He was offered a claim of 160 acres in what is now (1905) the center of the business portion of that city, for seventy-five dollars, but he had no idea of stopping short of Fort Riley; and, having letters of recommendation from A. C. Dodge and Doctor Leib to Dr. William A. Hammond and some other officers at Fort Riley, he proceeded on his way and arrived at Pawnee City on the 1st of July, 1855. The next day the territorial legislature met in the building that had been prepared for that purpose. The rest of the inhabitants were camping in tents or small shacks that had been put up in great haste. Here was to be the capital of the new state, and all was excitement and hurry, which lasted only a short time, for on the 6th of July the legislature pulled up stakes and moved to Shawnee Mission.

After securing a contract for burning the lime for the construction of the buildings at Fort Riley, and having made the acquaintance, among others, of two men named Mott and McCoy, who had staked out claims on the Republican river, and who directed us to where we could also find a suitable location, we started on the morning of the 7th of July and followed their directions, which were to cross the Republican river one mile from the fort, then turn to the right and proceed up the south bank of the river until we came to a strip of timber, five miles from the fort, known as the Five-mile timber. We could see a large, rocky bluff about two miles away, and must go straight to that and keep along the bluff one mile farther and we would come to Mr. Mott's claim; the next claim was to be ours, and Mr. McCoy's would join us on the west. After traveling as directed, with grass up to our wagon-box and sometimes much higher, we finally arrived at our destination, pitched our tents in the high grass, and were the first family that had ever settled on the Republican river. The family now consisted of my parents and their four boys, the oldest, John B., having gone to California the year before. . . .

So here was a fine place to live if a person was fond of a wild and lonely life. But we did not have much time to get lonely, and only hunted when we needed meat. The first work we did was to dig a lime-kiln large enough to hold 500 bushels of lime; then we chopped the wood, quarried the rock, filled and burned the kiln, and the government sent out six-mule teams and very soon emptied our kiln. We burned another, and another, and continued to do so during that summer and fall.

Once during the summer we went to Fort Riley on business and found that nearly every one whom we had known there was dead, including Major Ogden our best friend and the one who had given us the lime contract; and many others had run away to escape the cholera, which was the disease that caused all the trouble and reduced the population of the fort fully one-half. . . .

Mr. Mott, one of the men who had directed us to our claim from Pawnee City, had died with the cholera at Fort Riley, and as we liked his location better than ours we moved onto it and made it our home. We plowed some that year, and later hired two men, named Ross and Tower, from Oskaloosa, to plow forty acres, for which we paid them $5 per acre, or $200. We did not raise anything in 1855 but some buckwheat. We were quite successful in our farming and lime-burning, and were soon in very comfortable circumstances. . . .

My father helped to organize and conduct a lodge of the Sons of Temperance, to which the writer also belonged. . . .

The first lumber that was hauled to Junction City was hauled there from Pawnee City by Ellis Montague for John P. Wiley, who afterwards established a general merchandise store and was Junction City's first merchant. . . .

George Montague was a candidate for representative to the legislature on the Democratic ticket at one time, and received a large number of votes, more than his party ticket, but was defeated. He was a member of the Methodist Episcopal church and of the Masons and Odd Fellows and was held in

the highest esteem by all who ever knew him.

Mrs. Montague died October 31, 1862, and was buried in the family graveyard in a place that had been selected by herself. She was a good woman, who had never had an enemy, and always tried to keep peace between the neighbors.

Mr. Montague was afterwards married to Mrs. Dill, but was taken sick with pneumonia, and died on the 3d of December, 1863, and was laid to rest beside his wife. The funeral was in charge of the Masons of Junction City. He was father to ten children--eight boys and two girls. Five boys grew to be men, as follows: John B., who started from Iowa to California on April 24, 1854, and who now resides at Walla Walla, state of Washington; he had one child, named Bertha; William W., who served in Company H, Fifteenth Kansas cavalry, and was attacked with brain fever while in the service and died in the hospital at Washington, D.C., June 11, 1903; Ellis J., who was once a county commissioner of Davis (now Geary) county, Kansas, and who emigrated to Oregon in 1883, and died at Roseburg, Ore., on the 3d day of April, 1897; he had three sons who grew to manhood--George B., John G. and David, and two daughters, Rebecca and Belle. The youngest son, Lewis C. Montague, was born in Iowa, July 25, 1848, and is now living in Eightmile valley, Gilliam county, Oregon. He has eight children--Samuel U., Charles R., Edward O. C., Erwin J., Irene (now Mrs. Kintzley), May, Laura and Lilly.

George W. Montague (the writer) was born in Maysville, Ky., on the 2d day of March, 1843, and emigrated to the Pacific coast from Kansas in 1882. He was married in Kansas to Miss Mary Lavisa Yates, to whom twelve children were born, nine of whom are still living, . . . Mrs. Montague died at the family home on January 15, 1899. Mr. Montague was again married on January 17, 1900, to Mrs. Clara Weed, of Oregon City, Ore., and the entire family are now living at their several homes in Eightmile valley, near Arlington, in Gilliam county."

The following information is from Estelle M. Montague Alley, 1113 E. 10th St., The Dalles, OR, granddaughter of George W. Montague.

"George Montague, while in Iowa, was a charter member of the 3rd I.O.O.F. Lodge. He furnished lime in Kansas for some of the landmarks which are still standing, such as in the city park in Junction City and the Ogden Monument at Ft. Riley. He was married 5 Apr 1863 to Mrs. Rebecca Dill in Davis Co. KS, who had a son, Charles Dill. Two of George's boys died during a cholera epidemic and are buried in the cemetery in Maysville KY--George d 3 Aug 1838, ae 3y 8m 28d, and James d 21 Aug 1838, ae 1y 5m 5d. His 1st son, John B., was born 2 Apr 1832 in Pittsburgh, died 5 May 1907 in Walla Walla, and his wife's name was Ellen. William W. was born ca 1839 in Maysville.

Ellis J. was born 11 Apr 1841 in Maysville. He married Rebecca Bowers 4 Jan 1863 in Davis Co. and she had a son, George B. She died before 1865 and Ellis married Mary Jane Pritchett 1 Jan 1867 in Davis Co.

Lewis Cass married Minnie (Minerva) Smith 27 May 1873 in Davis Co. They had a 2 yr old son, Ellis H., in the 1880 census who isn't listed above. While living on Eightmile near Arlington, Lewis established a post office called Montague Post Office, which was in operation from 1911-1915. I was one of the few who was born during it s operation (40 Montagues in the area then). He died 21 Apr 1924 in Roosevelt WA.

George Washington was married 1 Jan 1867 to Mary L. Yates in Davis Co. and died 23 Oct 1910 near Arlington. He was a dearly loved person. He is said to have served on the census enumeration for at least 3 times and records prove he served in KS in 1880 so the other times were in OR. When he homesteaded in OR he made a gift of land for both a cemetery (his resting place) and a schoolhouse of which he was the first teacher, also several other Montagues taught there. The Montague school has been discontinued for many years and was torn down but the drilled well is still there. The Montague Cemetery is still active and is cared for by Arlington.

The cemetery on the George Montague farm in Davis Co. was moved to the New Milford Cemetery after the U.S. Govt took this farmland in 1964 for the Milford Reservoir on the Republican River. There are six Montague graves marked with metal plates but their names are "Unknown".

Children of Geo. W., all born Davis Co. except 3:
Melissa Jane 1867-1939 m Clayton Shane, sev. ch.
Lewis Leander 1869-1939 m Nancy Stanton, 2 sons, was Mayor of Arlington
*James Haskell 1870-1950 m May Topsy Miller, 5 ch.

"I, Estelle M. Alley, though I do not live closer than about 65 miles from where my ancestors settled here in Oregon, find my way back to this place whenever possible, as you see I once lived where the Post Office was located (I am the 4th child of James Haskell Montague) on the Homestead which can be seen from this valley of which my grandfather so loved. I am very proud of my heritage. I do want to give credit to Laurene M. Pittman for her capable help with this article."

Free Access to 1900 Census? . . WRITE

The National Archives is proposing to lift the current restrictions on the availability of the 1900 census. Because the 1890 census records were destroyed, the 1900 census is an important link for those searching records in those years.

If you are interested in making them available, write a letter before 28 November, 1977, expressing their value to researchers, to the following address:

Names from the Past

Selected from "Genealogical Notes on the "Founding of New England, --My Ancestors and Their Part in That Undertaking," by Ernest Flagg.

"Some of the most characteristic peculiarities of the Puritans were due to their fondness for, and exaggerated use of the Old Testament. The curious quotations with which they so plentifully interlarded their discourse were taken chiefly from it, and in the naming of their children, they seem to have searched its pages for the most harsh and ill-sounding appelations they could find.

"Such names as Azariah, Jehudi, Medad, Bezaleel, Eldad, Hazebelphona, Benajah, and others of the sort were common.

"While the sour doctrine derived from the same source led them to use such names as Howlong, Waiting,Submit, Silence, Trial, Watching, Pardon, and the like, a somewhat more cheerful strain is reflected in Hopestill, Preserved, Thankful, Recompense, Truelove, Freelove, Mercy, Pentecost, Godsgift, Bethankful, Deliverance, Matchless, Freedome, Providence, etc."

A footnote adds, "It is doubtful if this sort of nomenclature among the Puritans of New England ever reached the sublime heights of absurdity attained by their co-religionists of Old England.

"Lower, in his ENGLISH SURNAMES, gives the following specimens of English Puritan names taken from a Jury list of Sussex County: Faintnot Hewett, Graceful Harding, Redeemed Compton, Searchthescriptures Moriton,Earth Adams, Seekwisdom Ward, Flydebate Roberts, Fightthegoodfightof faith White, Hopefor Bending, Meek Brewer, Accepted Moor, Weepnot Billing, Recompense Avis, Makepeace Heaton, Elected Mitchell, Killsin Pimper, Standfastonhigh Stringer, Thepraiseofgod Knight,Called Lower, Befaithful Joiner, Morefruit Flower, Becourteous Call, etc." -- Dorothy Keen
